Introduction to the Professional Squash Association

The Professional Squash Association (PSA) was formed on 1 January 1993 as a result of combining the International Squash Players Association (ISPA) and the World Professional Squash Association (WPSA), a North American organisation. On 1 April 2015 the Women's Squash Association (WSA) was incorporated into PSA, unifying both tours under one governing body.

PSA Tour

The PSA is responsible for the organisation and coordination of the official international squash circuit, called the PSA Tour, which provides the criteria for the PSA World Rankings.

The PSA Tour is played year-long and consists of singles knockout tournaments. It schedules and sanctions professional tournaments and assists clubs, independent promoters and national governing bodies in organising professional squash tournaments in the interests of promoting the sport of squash.

To ensure the orderly and successful presentation of the worldwide squash calendar the PSA makes every effort to coordinate with all relevant stakeholders.

PSA's brand values are Ambitious, Committed, Determined, Innovative, Integrity and Professional.

PSA Tour Rule Book

The PSA has produced this document, which contains information on the rules and regulations of the PSA Tour, so that players and tournament promoters adhere to the same conditions throughout the world. PSA members and tournaments registered with PSA are bound by the rules, regulations and PSA Code of Conduct contained in this PSA Tour Rule Book. PSA reserve the right to update this Tour Rule Book at any point.

PSA Commitments

PSA and its tournaments are committed to promoting a safe, professional, inclusive and positive environment for all participants in squash. This statement applies to all people involved with the PSA, its tournaments and players including: PSA members, PSA promoters, all members of Player Support Teams (including but not limited to: coaches, parents and medical professionals), all PSA staff, and all other on-site tournament support staff, whether acting in a paid or voluntary capacity, regardless of by whom they are employed.

Involvement in PSA tournaments in any capacity, including but not limited to players, promoters and tournament support staff, means that you agree to:

- Abide by the PSA Tour Rule Book
- Abide by the PSA Code of General Conduct & Ethics
- Be aware of and abide by PSA's Safeguarding Policy
- Be aware of and abide by the WADA Anti-Doping regulations
- Be aware of and abide by PSA's Data Protection Policy and PSA's Data Processor Policy, all in accordance with the General Data Protection Regulation (EU) and the Privacy Shield (USA), in particular ensuring that every measure is taken to protect personal data to which you have access. This includes, but is not limited to ensuring you do not give out your username or password to the secure PSA website
- Act with integrity and set a positive example, promoting the reputation of the sport and taking all possible steps to prevent it from being brought into disrepute

The PSA will not be held liable if a breach of the above codes is found to be the responsibility of the player, promoter, its employees, representatives or volunteers. Please note that the above list is not exhaustive. All breaches of the above listed codes and policies must be reported to the correct body and the PSA so the correct procedures can be followed in all instances. In the event of a breach that upon investigation is found to be due to the negligence of the promoter/player and/or its representatives, full liability and consequences will be the responsibility of the promoter/player.

1.1.2 Defining Tournament Levels

Tournament levels are determined differently at PSA Challenger Tour and PSA World Tour level:

- At PSA Challenger Tour a tournament level is determined by the total compensation offered
- At PSA World Tour level a tournament level is determined by the on-site prize money offered

All figures are published and calculated in United States Dollars (USD). Tournaments may offer any amount of prize money within its level (excluding WSF & PSA Satellite Tour tournaments).

1.1.2.1 On-Site Prize Money

The on-site prize money is the gross prize money available for the tournament.

1.1.2.2 Player Prize Money

Player prize money is the actual sum paid directly to players, after deduction of the player contribution and applicable tournament bonuses. Player prize money payable is indicated on the tournament overview.

1.1.2.3 Total Compensation

The total compensation for PSA Tour tournaments is the cumulative amount of compensation offered.

For PSA Challenger Tour tournaments this comprises: on-site prize money and applicable bonuses.

For PSA World Tour tournaments, this comprises: on-site prize money, glass court bonus (if applicable) and mandatory accommodation figure.

For WSF & PSA Satellite tournaments this is simply the on-site prize money.

1.1.2.4 Mandatory Accommodation Figure

The mandatory accommodation figure used in the PSA World Tour Total Compensation figure is calculated as follows:

- Per diem contribution: actual figure rounded to nearest \$500*
- Hotel provided: actual figure rounded to nearest \$500*
- Billeting provided: \$3,750

*The 'actual figure' for both the per diem contribution and hotel bonus is calculated by multiplying the number of room nights by the hotel nightly room rate. Note that if you are opting to provide a hotel, this 'actual figure' may differ slightly from your actual expenditure depending on your rooming configuration. The breakdown of 'room nights' can be found in [Appendix III](#).

1.2 PSA World Tour

1.2.1 PSA World Championships

The PSA World Championships is the ultimate tournament on the PSA World Tour and as such is regarded as affording the PSA players the opportunity to aspire to the pinnacle of competitive achievement.

The PSA World Championships can be a standalone men's or women's tournament, or held jointly, and is scheduled to take place annually. The PSA World Championships requires a minimum total compensation of \$300,000 per division.

1.2.2 PSA World Tour Finals

The PSA World Tour Finals is the season finale of the PSA World Tour and must feature a men's and women's division of eight players each and on-site prize money of \$165,000 per division. The reigning PSA World Champion and the seven season World Tour Platinum winners will automatically qualify for the PSA World Tour Finals. Any remaining places will be allocated to the next highest ranked player in the PSA World Rankings on June 1st. See Appendix XIV for the PSA World Tour Final Rules.

1.2.3 PSA World Tour Platinum

The PSA World Tour Platinum level consists of a select group of up to eight high profile squash tournaments which are instantly recognisable as the elite level of the tour. They offer one of the largest prize money purses, attract the world's best players and provide the most demanding competition. They are the main focus of the PSA's global TV coverage and are all broadcast on the online squash channel, SQUASHTV (<https://psaworldtour.com/tv>) and on the platforms of PSA's broadcast partners.

These tournaments require a 48 draw for both the men's and women's division, compensation for accommodation, international standard television, web-streaming and a suitable glass court.

PSA World Tour Platinum tournaments require a minimum on-site prize money of \$165,000 (subject to change at the discretion of the PSA Board).

1.2.4 PSA World Tour Gold, Silver and Bronze

These tournaments showcase some of the best players and biggest tournaments in stunning locations. PSA World Tour Gold, Silver and Bronze tournaments require a 24 draw and may feature a men's and/or women's division.

The minimum on-site prize money levels for these tournaments are:

Level	Minimum on-site prize money 2018-2019	
	Without glass court	With glass court
PSA World Championship	N/A	\$300,000
PSA World Tour Platinum	N/A	\$165,000
PSA World Tour Gold	\$100,000	\$97,500
PSA World Tour Silver	\$70,000	\$67,500
PSA World Tour Bronze	\$47,500	\$45,000

It is mandatory to provide hotel accommodation for all players or a per diem contribution to cover accommodation for all PSA World Tour tournaments. This cost is in *addition* to the minimum on-site prize money outlined above.

1.3 PSA Challenger Tour

PSA Challenger Tour tournaments form the backbone of the tour and are the entry point for up and coming professionals progressing through to a more international level of competition. PSA Challenger Tour tournaments can feature a men's and/or women's division.

The minimum total compensation levels for these tournaments are:

Level	Minimum total compensation 2018-2019		
	No accommodation	Billeting provided	Hotel provided
PSA Challenger Tour 30	\$28,000	\$26,000	\$24,000
PSA Challenger Tour 20	\$18,000	\$16,500	\$15,000
PSA Challenger Tour 10	\$11,000	\$10,000	\$9,000
PSA Challenger Tour 5	\$5,500	\$5,000	\$4,500

Level	Minimum total compensation 2019-2020		
	No accommodation	Billeting provided	Hotel provided
PSA Challenger Tour 30	\$30,000	\$28,000	\$26,000
PSA Challenger Tour 20	\$20,000	\$18,500	\$17,000
PSA Challenger Tour 10	\$12,000	\$11,000	\$10,000
PSA Challenger Tour 5	\$6,000	\$5,500	\$5,000

It is not mandatory to provide accommodation for players for tournaments on the PSA Challenger Tour. Tournaments that do offer billeting or hotel accommodation for the players benefit from an accommodation bonus which reduces the prize fund. The value of the accommodation bonus is deducted from the total compensation to calculate the appropriate on-site prize money.

A \$2,500 glass court bonus will be available to PSA Challenger Tour 30 tournaments played on an all glass court. The glass court bonus will be deducted from the total compensation to calculate the appropriate on-site prize money.

1.4 WSF & PSA Satellite Tour

These tournaments are designed to provide a pathway for junior and national players to join the professional squash circuit. WSF & PSA Satellite Tour tournaments may feature a men's and/or women's division. The entry process should be defined by the promoter and submitted to PSA; this must be clear and transparent, without prejudice. PSA & WSF reserve the right to refuse or remove sanctioning of a WSF & PSA Satellite Tour at their discretion.

The minimum and maximum on-site prize money levels for these tournaments are outlined below:

Level	Minimum	Maximum
WSF & PSA National Championships	No minimum	No maximum
WSF & PSA Junior tournaments	No minimum	No maximum
WSF & PSA Satellite	\$1,000 (men) / \$500 (women)	\$4,999

1.5 PSA Tournament Service

PSA will provide all tournament promoters with support in the administration of all PSA sanctioned tournaments.

The following services are available to all PSA Challenger Tour and PSA World Tour tournaments:

- Advice in the administration and management of all tournaments on the PSA Tour calendar
- Scheduling of dates for best possible player entry
- Circulation to all PSA members of details of all sanctioned tournaments
- Registration and management of all player entries to tournaments through the PSA office
- Assisting tournaments with coordinating player visas
- Making the draws
- Promoter access to a wealth of resources, such as biographies and photographs of players
- PR and communications support and coverage
- Enforcement of the PSA's Code of Conduct to ensure high standards of professionalism

1.6 PSA Tour Calendar

The PSA works closely with all relevant stakeholders to ensure the annual presentation of an effective calendar of tournaments. The PSA holds certain calendar periods free from major PSA sanctioned tournaments to ensure the successful presentation of squash competition as follows:

Multi-Sport Games: Protection for two days before and until one day after the squash competition from all PSA World Tour tournaments globally and all PSA Challenger Tour tournaments in the same region.

World Team Championships: Protection from all PSA World Tour tournaments globally and all PSA Challenger Tour tournaments in the same region. Designated week for protection is week 51.

Regional Team Championships: Protection from all PSA World Tour tournaments globally and all PSA Challenger Tour tournaments in the same region. Designated week for protection is week 18.

Regional & National Individual Championships: Protection from PSA World Tour tournaments globally, and all PSA Challenger Tour tournaments in the same region / country (as appropriate). Designated weeks for protection are week 7 and week 24.

Protection is only guaranteed when dates are confirmed with PSA at least 12 months in advance.

PSA reserve the right to sanction tournaments anywhere in the world on any dates.

1.6.1 PSA Tour Scheduling

Scheduling of all PSA Tour tournaments will take into account the geographical location of tournaments to minimise travel disruption for players. Maximum efforts are made to schedule all tournaments to ensure the best possible draw.

PSA reserve the right to sanction tournaments anywhere in the world on any dates.

1.6.1.1 PSA World Tour Scheduling

The PSA World Tour season will run from 1 August until 30 June the following year. There will be a short break midway through the season.

There are a limited number of slots for each tier of tournament on the PSA World Tour, defined on a yearly basis by PSA.

Two-week slots (from a Monday in week one through to Sunday in the following week) will be reserved for the PSA World Championships and PSA World Tour Platinum. One-week slots will be reserved for all other PSA World Tour tournaments. PSA World Tour Bronze tournaments can take place in the same weeks as PSA World Tour Gold and PSA World Tour Silver tournaments; no other PSA World Tour tournaments may overlap.

PSA will strive to create consistency for fans and followers around the world by encouraging all tournaments to finish on the same day of the week.

1.6.1.2 PSA Challenger Tour Scheduling

The PSA Challenger Tour season will run from 1 August to 30 July the following year. There will be a short break midway through the season.

There are no limitations on the number of PSA Challenger Tour tournaments that can be scheduled at one time.

1.6.1.3 WSF & PSA Satellite Tour Scheduling

The WSF & PSA Satellite Tour will run throughout each calendar year. There are no specific breaks within the season.

There are no limitations on the number of WSF & PSA Satellite Tour tournaments that can be scheduled in any given week. Only one National Junior Open, National Junior Championship and National Championship per WSF member may be registered per calendar year, per division (this excludes regional tournaments run by WSF Regional Federations).

All men's and women's WSF Regional and National Championships are encouraged to use the designated protected dates outlined by WSF and PSA as outlined in this guide.

Note: Overlapping dates defined to include the main draw, and one day on either side.

1.7 PSA Tournament Format

All PSA Tour sanctioned tournaments must abide by the Rules of Squash as defined by the World Squash Federation.

A knock-out format will be used for PSA Challenger Tour tournaments, with matches being best-of-5 games point-a-rally scoring up to 11 points with a tiebreak in each game when the score reaches 10-all (where the winning player must win by 2 clear points).

The exception to this is a PSA Challenger Tour 5 tournament where a round-robin with four groups of four players can be used.

A knock-out format will be used for PSA World Tour tournaments, with matches being best-of-5 games point-a-rally scoring up to 11 points with a tiebreak in each game when the score reaches 10-all (where the winning player must win by 2 clear points).

The exception to this is the PSA World Tour Finals where a round-robin system with two groups of four players per division will be used. Seeding for the tournament will be based on the PSA Road to Dubai Leaderboard. Group stage ties and the semi-finals of the PSA World Tour Finals will be best-of-3 game matches with point-a-rally scoring up to 11 points with a tiebreak in each game when the score reaches 10-all (where the winning player must win by 2 clear points). The finals of the PSA World Tour Finals will be best-of-5.

Rules can be found at <http://www.worldsquash.org>. The knock-out format is widely used for PSA tournaments and is mandatory for PSA Challenger Tour 10 tournaments and above, with the exception of the PSA World Tour Finals.

Tournament Commitment

2.1 Commitment to Rules

All PSA Tour tournaments are subject to the jurisdiction of the PSA and shall comply with, be bound by and conduct the tournament in accordance with PSA rules and regulations, including but not limited to all amendments to the PSA Tour Rule Book.

Promoters of tournaments registered with PSA undertake to be fully responsible for the organisation and management of the tournament in accordance with the PSA Tour rules.

Promoters who wish to deviate from any of these rules should submit their specific requests in writing at least six months before the commencement of the tournament. PSA will undertake to make a decision within two weeks of any requests.

2.1.1 Equal Treatment of Players

Tournaments shall treat all players equally with respect to housing, meals, transportation and tournament related activities.

2.2 Sanctioning Process

A tournament applying to be sanctioned by the PSA must provide the following:

- Completed registration form and tournament commitment
- Signed tournament contract (PSA World Tour only)
- Registration fee
- PSA player contribution
- Deposit (if applicable)
- Rights fees (if applicable)
- Letter of credit (if applicable)

2.2.1 Tournament Registration

The tournament registration form and agreement must be fully completed, signed and returned with the registration fee, PSA player contribution and deposit (where applicable) for all PSA sanctioned tournaments. No tournament is confirmed on the PSA Tour calendar without the above.

Failure of the promoter to honour any of the obligations prior to, or during the tournament, may result in the withdrawal of sanction and possible disqualification from future participation as a PSA Tour tournament.

The completed and signed tournament agreement and/or registration form, with the appropriate fees, must be completed according to the following timetable:

Tournament level	Registration deadline (prior to tournament start date)
PSA World Tour Platinum	12 months; multi-year agreement
PSA World Tour Gold	10 months
PSA World Tour Silver	8 months
PSA World Tour Bronze	6 months
PSA Challenger Tour 20 & 30	4 months
PSA Challenger Tour 5 & 10	10 weeks (dependent on closing date)
WSF & PSA Satellite Tour	4 weeks

The PSA may, in exceptional circumstances, sanction tournaments outside the above timetable at their discretion.

2.2.2 Sanction Fees

The sanction fees for each tournament are payable at the time of registration (within seven days of receipt of the invoice) and are made up of the following:

- Registration fee
- PSA player contribution (*not applicable to WSF & PSA Satellite Tour*)

PSA World Tour tournaments will also be charged the following:

- Refundable deposit
- SQUASHTV production fee where SQUASHTV is utilised

All fees are quoted in US dollars. VAT is applicable to tournaments in the EU without a VIES number. For a full breakdown of the sanction fees, please see [Appendix IV](#) and [Appendix V](#). Registration fee payments not received five working days after registration will be subject to a late fine, deductible from the tournament deposit as outlined in [Appendix VI](#) and charged 5% per day after the deadline that the fee remains unpaid unless otherwise agreed with PSA.

2.2.2.1 Deposits

All PSA tournaments on the PSA World Tour will be required to pay a refundable deposit at the time of registration. Deposits comprise a fixed fee appropriate to the level of tournament registered.

Deposits will not be refunded in the case of non-compliance with tournament conditions and commitments as outlined in the PSA Tour Rule Book.

Details of these fees, including breakdown how they are calculated, are outlined in [Appendix VI](#).

2.2.3 Offers

The PSA offers discounts for multiple tournament registrations and early tournament registration. These are as follows:

Offer	Discount on registration fee
Early bird discount (registration 9 months prior to tournament)	10%
Two-year agreement	15%
Three-year agreement	20%
Parity incentive discount	25%
Multiple tournament registration discount (3-4 tournaments)	15%
Multiple tournament registration discount (5+ tournaments)	25%

Discount offers cannot be used for PSA World Championships, PSA World Tour Finals or PSA World Tour Platinum tournaments. Discounts are only applicable to the registration fee and not the player contribution or any other fees outlined at the time of registration. Offers cannot be used in conjunction with one another with the exception of the parity incentive which can be used in conjunction with any other offer. For example, a tournament which has parity for the men's and women's divisions and registers at least 9 months in advance will receive the parity discount (25%) and early registration discount (10%), totalling a 35% discount.

2.2.4 PSA Player Contribution

PSA members pay 5% of all gross prize money earned in all PSA sanctioned tournaments, with the exception of WSF & PSA Satellite Tour tournaments. This is called the PSA player contribution and is the players' contribution to the association.

This is to be paid to the PSA as part of the sanctioning process and is therefore due alongside the registration fee and tournament agreement when the tournament is registered. The PSA player contribution is then deducted from the on-site prize money payable to the players.

PSA player contribution payments not received five working days after registration will be subject to a late fine, deductible from the tournament deposit as outlined in Appendix VI, and charged 5% per day after the deadline that the fee remains unpaid otherwise agreed with PSA.

2.2.5 SQUASHTV Fees / Rights Fees

Certain tournaments are liable to pay rights fees to the PSA. These will be detailed in individual tournament contracts.

2.2.6 Letter of Credit

New PSA World Tour tournaments may be required to lodge with the PSA, six months prior to the commencement of the tournament, an approved irrevocable letter of credit, in form and substance, satisfactory to the PSA, from a PSA approved bank, to the value of 25% of the on-site prize money. Such letter of credit must have an expiration date no earlier than one month after the last scheduled day of the PSA tournament. Please note in the tournament of cancellation a promoter is liable for player compensation claims. The letter of credit does not cover these claims.

2.2.7 Non-Scoring Status

At the time of registration new tournaments may request a non-scoring player option. The PSA may also consider granting non-scoring status to any tournament should it be seen that there are signs of potential growth in that country.

The non-scoring status allows two players to play a tournament without claiming PSA World Ranking points and can encourage a higher ranked player to play a smaller tournament (see section 4 The Competition).

2.2.8 Prize Money

The on-site prize money or total compensation determines the level of PSA World Tour tournament and PSA Challenger Tour tournaments respectively. The minimum figures for each level are outlined in section 1 *PSA Tour*.

2.2.8.1 Player Prize Money

Player prize money is the actual sum paid directly to players, after deduction of the player contribution and applicable tournament bonuses. Player prize money payable is indicated on the tournament overview.

Prize money not claimed by a player within six months of the tournament finishing will be returned to PSA and the player will no longer be eligible to claim this. Invitees are not eligible to claim prize money. This money will be payable to the PSA Foundation.

2.2.8.2 Paying Prize Money: Western Union

For selected tournaments, players will be paid directly from the PSA through PSA's Western Union Business Solution. The prize money must be paid by promoters at least 10 working days before the tournament commences.

Use of this method is mandatory for PSA World Tour tournaments, unless otherwise agreed at the time of registration.

Use of this method is not recommended for PSA Challenger Tour 5 tournaments outside of the United States; cash-on-site is the preferred method at this level.

Promoters will be given advice on this method when the tournament is registered. All PSA players will have their details stored securely within Western Union Payment Manager ready to accept their prize money payments.

Violation of this section may result in cancellation of the tournament.

2.2.8.3 Paying Prize Money: Cash-On-Site

Tournaments may request paying cash-on-site as an alternative. PSA will consider each application for this method on an individual tournament basis and recommend this option for Challenger Tour 5 tournaments outside of the United States.

Cash-on-site should be paid in USD. Where the local currency is widely used, PSA do allow on-site payment in local currency. This must be approved by PSA and the amounts must be equivalent to the USD amount. Promoters using this method are responsible for currency conversions which should be undertaken within 48 hours of the tournament start date; PSA strongly recommend using www.oanda.com.

2.2.8.4 Paying Prize Money: Tournaments in the United States

Tournaments in the United States cannot pay cash on-site. These tournaments will pay their prize money directly to US Squash in order to comply with US tax laws. US Squash will act as PSA's clearing house for these payments. Prize money will then be distributed via US Squash and PSA. Instructions of such payment will be sent 90 days prior to the tournament commencing.

2.2.8.5 Paying Per Diem Contributions (*PSA World Tour Only*)

For PSA World Tour tournaments that have chosen the per diem contribution accommodation option, players will be paid directly from the PSA through PSA's Western Union Business Solution. The per diem contribution, confirmed by PSA to the promoter, must be paid by promoters at least 10 working days before the tournament commences.

Violation of this section may result in cancellation of the tournament.

2.2.8.6 Late Payment

Prize money payments not received 10 working days before the tournament commences will be subject to a late fine, deductible from the tournament deposit as outlined in Appendix VI, and charged 5% per day after the deadline that the fee remains unpaid.

2.2.8.7 Local Taxation

Each PSA Tour tournament is required to give at least 10 weeks' notice to PSA of the percentage of the player income tax deduction (if applicable). No other tax deduction(s) will be permitted from prize money paid to a player. Tournaments are responsible for any additional taxes imposed. Each tournament is responsible for remitting withholding tax.

The tournament must provide the PSA player with an official government tax certificate when they pay them their prize money. The certificate should contain:

Name of Player; Gross Prize Money; Tax Free Allowances; Amount of Tax Percentage; Net Prize Money.

2.2.8.8 Prizes and Non-Cash Awards

A non-cash prize must be a product or service provided by a tournament sponsor. Non-cash awards valued over \$3,000 must be approved by PSA at least 24 hours before the start of the tournament.

Cash prizes are not allowed unless offered as an equivalent to a non-cash award as agreed with PSA.

2.3 Tournament Postponement

A tournament can only be postponed at least three months before the tournament start date.

In the event that a tournament has to postpone due to reasons outside of its control then the registration fee and PSA player contribution (and deposits from any new PSA World Tour Platinum tournament) will hold true, as long as the tournament takes place within 12 months of the date of the postponement. PSA advise tournaments to take out suitable insurance to cover all cancellation costs.

In the event that any tournament has to postpone (and the reason is acceptable to PSA) at least three months before the due start date of the tournament, they will not lose their fees (registration and PSA

player contribution) providing that a new date for the tournament is confirmed within two months of the date of postponement. The tournament must take place within 12 months of the original tournament dates, for example:

Original tournament start date: 1 July 2019
 Postponement date: 31 March 2019
 New tournament date: New dates must be confirmed before 31 May 2019 and the tournament must take place before the 1 July 2020

A fee of up to £300 including VAT may be payable to PSA to cover administrative costs resulting from any tournament postponement.

2.4 Tournament Cancellation

In the event that a tournament is cancelled six months prior to the start date, the registration fee and PSA player contribution will be refunded in full. Any tournament withdrawing from the PSA Tour after the aforementioned deadline, will be subject to the following:

Cancellation four to six months prior to the tournament start date:

- PSA World Tour Platinum: loss of fees including deposit; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation; loss of any future reserved dates
- PSA World Tour Gold, Silver, Bronze: loss of fees; loss of any future reserved dates; warning over future conduct
- PSA Challenger Tour: loss of fees; warning over future conduct

Cancellation within four months of the tournament start date:

- PSA World Tour Platinum: loss of fees; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation; fine of up to \$5,000
- PSA World Tour Gold, Silver, Bronze: loss of fees; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation; fine of up to \$2,500
- PSA Challenger Tour: loss of fees; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation;

Cancellation within two months of the tournament start date:

- PSA World Tour Platinum: loss of fees; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation; fine of up to \$15,000
- PSA World Tour Gold, Silver, Bronze: loss of fees; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation; fine of up to \$7,500
- PSA Challenger Tour: loss of fees; warning over future conduct; exclusion from running a PSA tournament for a period of one year from the date of cancellation; fine of up to \$5,000

Tournaments will also be liable to reimburse evidenced player travel/hotel costs resulting from the cancellation at the discretion of PSA. To be eligible for any compensation claim resulting from tournament cancellation or otherwise, evidence of valid travel insurance must be provided by the player to PSA.

A fee of £300 including VAT will be payable to PSA to cover administrative costs resulting from any tournament cancellation.

2.5 Indemnification and Insurance

The promoter agrees to indemnify and hold harmless PSA, from and against any and all losses, costs, actions, proceedings, claims, damages, expenses or liabilities suffered or incurred directly or indirectly arising out of or in connection with the hosting of the tournament.

PSA World Tour Platinum promoters shall provide public liability insurance of at least \$2 million USD with the PSA being added as an insured. All other tournaments must provide public liability insurance of at least \$1 million USD (unless otherwise agreed, in writing, with PSA). PSA do not need to be named on such policies.

Evidence of such insurance coverage shall be provided to PSA at least five working days prior to the tournament closing date*.

*Note: in countries where such insurance is not available, PSA will make it clear to players before entries close that this is the case and that any player entering does so at their own risk.

2.6 PSA Tour Marks and Logos

Each PSA Tour tournament shall identify itself clearly to the public as being part of PSA Challenger Tour or PSA World Tour (as appropriate) and shall cooperate fully with the PSA in furthering public awareness of the PSA Tour.

PSA will provide the tournament with PSA logos relating to the level of the tournament and the tournament promoter agrees to adhere to the appropriate PSA Branding Rules, as amended from time to time (see section 3 Tournament Conditions for further information). PSA Branding Rules can be accessed via the secure promoter area.

Violation of PSA's Branding Rules will incur a charge as outlined in [Appendix VI](#).

PSA retain the right to amend the aforementioned Branding Rules in the event of securing a PSA Tour headline sponsor. Further to this, PSA retain the right to affix a logo of a PSA Tour sponsor on the front wall of all match courts used with a minimum dimension of 3,600 square centimetres, provided that the PSA Tour sponsor does not conflict with a primary tournament sponsor (PSA and the tournament will have to be in mutual agreement that there is no conflict between the PSA Tour sponsor and primary tournament sponsor). In case of a dispute, both parties agree to appoint an independent third-party mediator to resolve the situation.

2.7 PSA Disclaimer

The PSA, its board of directors or staff, does not accept liability for the welfare or safety of players travelling to and participating in tournaments. Whilst the association will take all reasonable steps to advise players on this matter, it remains the responsibility of players to confirm their own appropriate insurance cover and for the promoter of the tournament to ensure full and adequate safety, security and insurance measures being in place for players.

The PSA will not be held liable if a breach of the codes in the Tour Rule Book and associated policies are found to be the responsibility of the player, promoter, its employees, representatives or volunteers. Please note that the above list is not exhaustive. All breaches of the PSA's codes and policies must be reported to the correct body and the PSA so the correct procedures can be followed in all instances. In the event of a breach that upon investigation is found to be due to the negligence of the promoter or player and/or its representatives, full liability and consequences will be the responsibility of the promoter or player.

2.8 Jurisdiction

The Tournament Agreement shall be governed by and interpreted in accordance with English law and the parties irrevocably submit to the exclusive jurisdiction of English courts in respect of all matters arising out of this Agreement.

2.9 Force Majeure

Neither party shall be liable for any failure in the performance of any obligations under this agreement caused by circumstances beyond the reasonable control of a party to this agreement including, but not limited to, an act of war, extreme weather, a state of emergency or an act of terrorism in the region of the host city within 60 days of the commencement of the tournament. Force Majeure will not include any financial difficulties the tournament promoter or sponsor may find themselves in.

The party claiming the Force Majeure event shall promptly notify the other party in writing of its reasons for the delay or stoppage of the tournament. If the party claiming the Force Majeure event has complied with the obligation of notifying the other of it the requirement for their performance under this Agreement shall cease.

In the event of the Force Majeure tournament any monies paid to the PSA for the tournament in accordance with the contract are non-refundable in accordance with section 2 *Tournament Commitment*.

2.10 Restriction of Liability

In the event that the PSA accept that they have breached any clauses in this agreement or are found to have in a Court within the Jurisdiction as detailed in section 2 *Tournament Commitment* such damages shall be limited to the monies the PSA have received from the other contracting party in connection with the individual PSA Tour tournament. Nothing within this agreement limits in any way the damages that the PSA shall be entitled to recover against the other contracting party in the event that the other contracting party has breached their obligations in the contract.

2.11 Law

The laws of England and Wales will regulate the laws governing this agreement.

2.12 Conduct

The favourable reputation of the PSA, its sanctioned tournaments and players is a valuable asset and creates tangible benefits for all PSA members. Accordingly, it is an obligation for PSA Tour tournaments, owner(s), promoter(s), operator(s) or representative(s) thereof, to refrain from engaging in conduct contrary to the integrity of the game of squash. Conduct contrary to the integrity of the game shall include, but not be limited to, comments to the news media that unreasonably attack or disparage a tournament, sponsor, player, official or the PSA. Responsible expressions of legitimate disagreement with PSA policies are not prohibited. However, public comments that one of the stated persons above knows, or should reasonably know, will harm the reputation or financial best interests of a tournament, player, sponsor, official or the PSA are expressly covered by this section. Violation of this section shall subject a tournament to loss of its PSA sanction in future years.

2.12.1 Wagers

No-one associated with a PSA tournament shall wager, cause to wager or benefit from the wagering of anything of value in connection with any PSA Tour sanctioned tournament.

Tournament Conditions

Please note that the tournament conditions for tournaments on the WSF & PSA Satellite Tour are outlined in section 9 of the PSA Tour Rule Book. Section 3 applies to PSA World Tour and PSA Challenger Tour tournaments only.

PSA are committed to ensuring all PSA tournaments are delivered to the highest standard; all PSA tournaments must be staged in a first-class professional manner and all standards within this section are required unless otherwise noted or approved. Tournaments must apply to PSA in writing six months before the commencement of the tournament. PSA may use their discretion to extend this timescale.

Violation of any of section 3 Tournament Conditions will incur a charge as outlined in [Appendix VI](#) and may also lead to PSA's refusal to sanction future tournaments.

3.1 Tournament Information

It is strongly recommended that as much information is provided at the time of registration with the PSA office notified of any potential changes at the earliest possible time. Information that is not available at this time must be submitted to PSA at least 10 working days before the entry closing deadline.

After the entry deadline, any changes are at the sole discretion of PSA.

3.2 Venue and On-Site Facilities

The following information must be specified at the time of registration and must meet the criterion outlined in the following sections.

- Venue's full address
- Tin height
- Court specification, e.g. glass court, number of courts used, spectator viewing
- Ball and branding delivery address

3.2.1 Venue

The tournament promoter must specify on the registration form if the tournament is to be held in an indoor or outdoor arena, e.g. squash club, arena, shopping mall etc. The tournament should normally be held in one centre unless a glass court is being used at a more appropriate venue for later rounds.

If more than one centre is being used, approval must be obtained from the PSA. Additional venues *should* be within the same city boundaries and with the same tin height and court quality as the primary venue. If PSA perceive excessive travel disruption may be caused to players, PSA may not sanction a split venue or may require the tournament to provide transportation for players.

PSA World Tour Platinum and SQUASHTV tournaments must confirm all venues 10 working days before entries close; other events must confirm this information 5 working days before entries close.

3.2.2 Court

The tournament promoter must specify on the registration form whether a portable court will be used and which type it is. All courts should be clean, well-lit and with suitable air-conditioning. The tin should be at the appropriate height for the tournament:

- All PSA World Tour tournaments and PSA Challenger Tour 30 tournaments are to be played on a 17-inch tin (PSA reserve the right to waive this in exceptional circumstances. Any requests to play a PSA Challenger Tour 30 or above on a 19-inch tin must be made in writing to PSA at the time of registration and approved by PSA).
- Other PSA tournaments have the option of using either 17-inch or 19-inch tin.

The height of the tin must be the same for all matches throughout the tournament.

All court specifications must adhere to the guidelines imposed by the World Squash Federation. Further information can be found via the following link [WSF Specification for Squash Court](#) and also on the WSF official website.

3.2.2.1 Floors

The court floors that are used for any PSA tournament must be uncoated or sealed.

PSA tournaments will not be sanctioned on coated floors*.

PSA stress that the safety of players is paramount; thus, it is essential that you read carefully the PSA court specification document and adhere to the guidance outlined.

*For the distinction between coated, sealed and uncoated, please refer to the PSA court specification document.

3.2.2.2 Walls

Walls should be of a surface and colour approved by the WSF, and to be of a standard to ensure good playability, for example in good condition and free of condensation.

3.2.2.3 Ventilation and Temperature

It is strongly recommended that all squash courts used and any adjacent areas shall be provided with a heating and/or air conditioning system which is capable of maintaining a temperature between 10 and 25 degrees Celsius, with an ideal range of 15 to 20 degrees Celsius.

Local variations in external temperature and humidity may result in temperatures outside of the above ranges being acceptable to players. Contact PSA for further advice if this may affect your court.

3.2.2.4 Lighting

The lighting level of match courts is to be high enough and spread evenly throughout the court for the benefit of players and spectators alike. There should be a minimum 500lux lighting level one metre above the floor all over the court.

The standard required for LED installation is 600lux. It is recommended that the LED lamps be in the colour temperature range of 3,500 degree K or above commonly referenced as 'cool white'.

In courts with transparent walls, the level of illumination outside of the court will need to be adjusted to suit specific site conditions. In normal circumstances, a glass back wall needs lighting levels to be the same both side of the glass whereas in 4-sided courts the lighting level inside the court needs to be higher than immediately outside the court. A difference of approximately 30% is considered to be a normal installation.

Lighting for TV transmission should be 1200lux as a minimum, although consultation with TV providers is recommended.

3.2.2.5 Maintenance

All surfaces should be cleaned and wiped/swept as necessary to provide suitable conditions for practice and play. Floors should be swept prior to and after each practice and play session, as well as between games/matches as necessary.

3.2.3 Glass Court Bonus

The glass court bonus is designed to offer monetary relief in recognition of the costs associated with setting up a full glass court. To be eligible for the glass court bonus tournaments must meet the following conditions:

- Only available to PSA Challenger Tour 30 tournaments and PSA World Tour Gold, Silver and Bronze tournaments

- Full four-sided WSF accredited glass court, details of which must be provided to PSA at the time of registration
- The majority of matches must be played on the portable glass court*
- The court must not be a permanent or fixed glass court

*This is at the discretion of PSA and must be discussed with PSA and authorised before registering.

3.2.4 Practice Courts

Practice courts must be made available free of charge to all players 48 hours before the start of the tournament and must be of the same standard as the competition courts. The promoter should allocate practice courts according to the draw, i.e. first match on gets the earliest practice slot.

If using a glass court this should be made available for practice at least 24 hours before the start of the matches. Any potential issues with this ruling must be brought to the PSA attention at least one week before the start of the main draw, and alternative arrangements agreed with PSA.

Players are entitled to at least 20 minutes of allocated practice court time on a glass court and at least 30 minutes of allocated practice time on a traditional court on any playing day.

3.2.5 Player Lounge

It is strongly recommended that all tournaments provide a suitable space appropriately equipped for players and their support teams. The Player Lounge should only be accessible to tournament staff and players/support teams. Tournaments with SQUASHTV must make the live action available in the player lounge. Where space allows this is a mandatory requirement for PSA World Tour Platinum tournaments and SQUASHTV tournaments.

If players are not provided with a suitable player lounge, a courtside player viewing area should be provided. Such instances will be dealt with on an individual basis.

3.2.6 Locker Room

It is mandatory that all tournaments provide players with a suitably equipped and secure locker room with shower, changing and toilet facilities.

A secure locker should be available for use by each player; if the locker requires a separate lock, then this must be provided to each player upon arrival. If the lockers do not have a suitable lock, the tournament promoter should provide an alternative security measure for players' belongings.

3.3 Accommodation

The tournament must provide the following information at the time of registration:

- Hotel's name and full address*
- Hotel rating
- Bed and breakfast guide price
- Any special tournament rates
- Details of private hospitality/billeting where appropriate

If no accommodation is being provided (PSA Challenger Tour level only), PSA require that the promoter lists at least one nearby hotel option for players' convenience.

*If billeting is provided it is not necessary to provide details of a hotel.

3.3.1 Accommodation Options PSA Challenger Tour

At PSA Challenger Tour level tournaments, providing accommodation for players is optional. Tournaments can therefore choose from the following options:

- No accommodation provided
- Hotel provided

- Billeting provided

Tournaments that choose to provide a hotel or private billeting will be granted prize money relief, shown as an accommodation bonus, the value of which is outlined in the section below.

3.3.1.1 Accommodation Bonuses PSA Challenger Tour

Prize money relief is available at PSA Challenger Tour tournaments for those tournaments that choose to provide players with accommodation. The relevant minimum on-site prize money required when providing accommodation can be found in section 1.3 of this guide.

3.3.1.2 PSA Challenger Tour: Hotel Bonus

To qualify for the hotel bonus, the hotel must be provided for all players from the night before the round in which the player is scheduled to play commences, until two nights after the player loses. The latest departure is the morning after the final. Players can be asked to move to adhere to these rules, although no semi-finalist or finalist shall be asked to move or to share with a new player.

In addition, any PSA Challenger Tour tournament wishing to utilise this bonus must ensure the accommodation meets the hotel conditions outlined later in this section.

3.3.1.3 PSA Challenger Tour: Billeting Bonus

To qualify for the billeting bonus, accommodation must be provided for all players from the night before the round in which the player is scheduled to play commences, until two nights after the player loses. The latest departure is the morning after the final.

In addition, any PSA Challenger Tour tournament wishing to utilise this bonus must ensure the accommodation meets the billeting conditions outlined later in this section.

3.3.2 Accommodation Options PSA World Tour

At PSA World Tour level tournaments, it is mandatory to provide accommodation for players. Tournaments can choose one of the following options:

- Per diem contribution
- Hotel provided
- Billeting provided (on request up to PSA World Tour Silver)

3.3.2.1 PSA World Tour Accommodation: Per Diem Contribution

The per diem contribution is a figure paid by the tournament promoter directly to PSA alongside the prize money, which is then distributed to the players according to the PSA breakdown.

The figure is reached by calculating the number of nights required and multiplying this by the tournament hotel rate (where no tournament hotel is found by the promoter, the rate used will be a PSA approved city average). PSA will provide the tournament with this figure upon registration. The number of room nights required can be found in the table in [Appendix III](#).

The tournament hotel used for the per diem rate must meet the hotel conditions outlined later in this section.

3.3.2.2 PSA World Tour Accommodation: Hotel

Where a tournament provides a hotel, this must be provided from the night before the first match in which the player is scheduled to play, until two nights after they have lost. The latest departure is the morning after the final. Players cannot be *required* to move rooms.

The tournament hotel provided must meet the hotel conditions outlined later in this section.

3.3.2.3 PSA World Tour Accommodation: Billeting

Billeting is available on a tournament-by-tournament basis and should be provided for the duration of the tournament. If you wish to consider this approach, please speak with PSA before registering your tournament.

3.3.4 Hotel Conditions

Hotels must meet the minimum requirements outlined below:

- Minimum of three-star rating for PSA Challenger Tour tournaments
- Minimum of four-star rating for PSA World Tour tournaments
- Double occupancy twin room
- Bed and breakfast basis
- Junior players must not share with an adult (over 18) unless written parental consent is provided
- A maximum of 30 minutes' drive from the venue
- Scheduled, regular and free transport must be provided if the hotel is not within walking distance of the venue (defined as within 1.5km walkable route from the hotel to each venue)

These conditions apply to all tournament hotels where one of the following is used:

- Per diem contribution (stated tournament hotel) PSA World Tour
- Hotel provided PSA World Tour
- Hotel bonus utilised PSA Challenger Tour

3.3.5 Billeting Conditions

Billeting must meet the minimum requirements outlined below:

- Provided for all players from the night before the main draw commences, until two nights after the player loses. The latest departure is the morning after the final
- Single occupancy with bathroom facilities
- One meal per day (normally breakfast)
- A maximum of 30 minutes' drive from the venue
- All hosts must be aware of and abide by the and PSA's Safeguarding Policy, paying close attention to the guidance for hosts
- Female players should not be billeted with single male hosts unless agreed directly with the player
- Junior players must have written parental consent for billeting and should be housed with an appropriate family. No junior can be billeted in a single-person household
- Reasonable transport to the venue if not within walking distance (defined as within 1.5km walkable route from the hotel to each venue)

3.4 Tournament Personnel

A contact name, telephone number and email address must be provided for at least one designated tournament contact to enable us to administer the tournament successfully, including the delivery of tournament materials. This person will be the main point of contact for PSA staff, players and spectator enquiries.

All tournament personnel, such as on-site staff, coaches, medical professionals and volunteers, must adhere to the standards outlined in this section and the PSA Code of General Conduct & Ethics and have read and abide by PSA's Safeguarding Policy and Data Protection and Processing Policies.

We take protection of your personal data seriously; all personal data provided will be processed in accordance with PSA's Promoter Privacy Policy and Data Protection Policy.

3.5 Player Services

3.5.1 First Aid and Physiotherapy

Each tournament must have a first aid team present on-site at all times, for public and player emergencies.

It is strongly recommended that tournaments provide a treatment room for players, centrally located to the courts and locker room. The room must be private and fully equipped to deal with medical treatment; it is mandatory that an automated external defibrillator ('AED') is available at PSA World Tour tournaments and strongly recommended for PSA Challenger Tour tournaments.

PSA World Tour Platinum tournaments and televised/SQUASHTV tournaments must provide an on-site physiotherapist free of charge to players. It is also recommended that a doctor should be on-site during these tournaments. The on-site physiotherapist should attend to any emergencies during match play and are authorised to charge for subsequent treatment. All charges and payment methods should be clearly communicated prior to the tournament.

The cost of medical personnel is entirely the responsibility of the tournament.

3.5.2 Transportation

Scheduled, regular and free transport must be provided for all main draw players if the tournament hotel is not within 1.5km of the venue.

If a split venue is being used, player transport must be provided from the tournament hotel at the start and end of play (as a minimum).

For any player obligations that are not on-site at the venue, at the tournament hotel or within 1.5km of tournament hotel, promoters must organise free transport for the players.

3.5.3 Stringing Service

Provision of a stringing service is strongly recommended for all events. It is mandatory for PSA World Tour tournaments to make available to players a stringing service of a professional standard throughout the duration of a tournament.

3.5.4 Player and Staff Accreditation

It is mandatory for PSA World Tour Platinum and SQUASHTV tournaments to accredit staff and players. This should be done through PSA's accreditation portal so that on-site staff's credentials can be verified, and PSA have clear records of attendance of player support teams, volunteers and medical staff.

Accreditation is also strongly recommended for all PSA World Tour tournaments through PSA's accreditation portal.

All tournaments must be able to supply, on request from PSA, a list of on-site staff, including their role and appropriate credentials.

It is strongly recommended that players are issued with a reasonable number of passes/credentials for their use while competing in the tournament. Player guest passes must not allow access to the player lounge or treatment room; all other access is given at the discretion of the tournament promoter.

3.5.5 Player Subsistence

Promoters are not obligated to provide meals for competing players, however they must ensure that appropriate food is available at or very close to the venue for player purchase so that their dietary needs in relation to competing can be satisfied.

3.5.6 Drinking Water

The promoter must ensure that readily available, cooled pure drinking water is conveniently located for player refreshment between games and immediately after matches. This must be provided free of charge.

3.5.7 Functions

- Date, time and venue for function
- Whether the function is mandatory, and for which players
- Dress code
- Player clinics may be made mandatory but only when on non-playing days, and should be limited to a maximum of one hour
- Mandatory functions must be confirmed before entries close; after this time, mandatory functions will be specified at the discretion of PSA

3.5.8 Player Information Pack

It is mandatory for PSA World Tour tournaments to provide a Player Information Pack. Unless otherwise agreed, this should be produced using PSA's template and must be approved by PSA prior to circulation to players.

For all other tournament levels, PSA strongly recommend that Player Information Packs are distributed to players within a week of entries closing. PSA should be provided with any player packs that are distributed to players.

3.6 Additional Information

3.6.1 Local Tax

Each tournament is responsible for remitting withholding tax and providing the appropriate documentation when applicable. This information should be stated at the time of registration and include:

- Percentage of local tax to be deducted from player prize money (if applicable)
- This must be confirmed before entries close (see section 2 Tournament Commitment for further information)
- Official government tax receipts must be provided if local tax is taken. Where possible, this tax certificate should be for each individual player, although PSA will accept a collective prize money deduction government tax certificate where accompanied by stamped individual letters from the tournament

Note: local tax can only be deducted from the player prize money figure and not the on-site prize money figure.

3.6.2 Payment Method

- Western Union payment is mandatory for PSA World Tour tournaments unless otherwise agreed
- Western Union payment is mandatory for PSA World Tour tournaments who opt for the per diem contribution accommodation option
- Western Union payment or cash-on-site payment (USD or local currency where approved) is available for PSA Challenger Tour tournaments, although PSA recommend cash-on-site payments for PSA Challenger Tour 5 tournaments
- Tournaments in the United States must pay via US Squash / Western Union for tax compliance (see section 2.2.8.2)

3.6.3 Airport

- Nearest airport, including airport code
- Whether or not players will be collected on arrival

3.6.4 Directions

- Directions to the venue from the nearest airport, station and hotel
- This should include approximate distance, duration and cost

3.6.5 Visa Requirements

- Where appropriate, promoters should indicate those countries where visas are required to gain entry (a link to immigration policies would be helpful)
- Where players apply for visa through the promoter, the details required should be stated

3.6.6 Special Information

- This may include, but is not limited to: meal packages, media coverage, pre-qualification, draw release date
- Any other important information the promoter thinks may be relevant to players should be included

All PSA World Tour Platinum and SQUASHTV tournaments must confirm the above information at least 10 working days before entries close. All other tournaments must confirm this information at least 5 working days before entries close.

3.7 Refereeing and Referees

All tournament promoters of PSA Tour sanctioned tournaments must serve as, or appoint, a tournament referee. The details (name, address etc.) of the tournament referee must be forwarded to the PSA office prior to the tournament.

The tournament promoter is responsible for the arrangement, supervision and allocation of match referees, although responsibilities may be passed to the appointed tournament referee.

3.7.1 Tournament Referee

The tournament referee's duties are as laid down in the tournament referee's guidelines. It is essential to the smooth running of the tournament that the tournament referee adheres to these guidelines.

The tournament referee or tournament promoter must make every effort not to use, in a match, a referee of the same nationality as either competitor. Tournament promoters must fulfil PSA guidelines for the provision of on-site referees and schedule such individuals so as to prevent a conflict of interest between referees and players. Should no other qualified referee be available, referees of the same nationality are permitted.

PSA strongly recommend that tournaments use a Tournament Referee that does not have a conflict of interest in the tournament (such as a referee that is refereeing individual matches at said tournament).

When PSA representatives are in attendance, the Tournament Referee appointed should be one of the following: PSA's Refereeing Director, Chief Operations Officer or PSA's appointed Event Director.

3.7.2 Single Referee System

The use of the single referee system is recommended for all PSA tournaments, particularly where a portable court is used, personnel permitting.

At SQUASHTV tournaments, single referee with video referee (VR) support is recommended.

For non-televised events, single referee is recommended for experienced referees, however PSA do permit use of referee / marker system for less experienced referees.

The following is based on days with multiple matches so that referees can rotate and rest. Number of referees per court may decrease as refs are released when less matches are played per day, e.g. the semis or finals, although it is always good to have a reserve referee.

Non-STV	Single referee	2 referees per court
STV	Single referee with VR	3 referees per court
Less experienced referees	Referee / marker	3 referees per court

Exact number of referees is dependent on an individual tournament's schedule and number of courts being used. Advice should be sought from PSA when your schedule is known. PSA will assist in allocation of WSF referees.

All tournaments must confirm with PSA the refereeing arrangements at least five days before entries close.

3.7.3 Player Referees

If requested at the time of registration of the tournament, on-site PSA players may serve as referees for PSA Challenger Tour tournaments. This policy will only be supported and enforced by PSA if the players are made aware of this condition at the time of entry.

For early rounds, the losing player of a match shall be required to referee the following match. Such player is responsible for finding a qualified replacement should he or she be unable to fulfil his refereeing obligation. Failure to do this will result in the player being reported to PSA and disciplinary action may be taken at PSA's discretion.

3.7.4 PSA World Tour Platinum Tournaments and PSA World Championship

The PSA requires that a minimum of two PSA approved referees attaining a "World" level attend PSA World Tour Platinum tournaments and a minimum of three PSA approved referees attaining a world level attend the PSA World Championships in order to maintain high standards at the top tier tournaments.

At least two referees are required per court being used each day to ensure the highest level possible is sustained throughout the day's play; referees can then be rotated to allow sufficient rest. Where the video review system is in use, an extra referee must be allocated to the court.

PSA referees invited to officiate should receive as a minimum:

- Return travel from home to the tournament venue (including travel to airport on outward and return journeys) and all necessary travel between the hotel and tournament venue
- Hotel accommodation – referees should be housed in the same hotel as the players if possible. If not possible, their hotel must be of an equal standard to that of the players
- All meals (breakfast, lunch and dinner)
- Visa fees
- Cost of any injections/medication considered necessary for travel to the country where the tournament is taking place
- All expenses to be paid in full prior to departure from tournament*
- Additionally, PSA referees are to be paid \$110 USD per tournament play day, to cover out of pocket expenses. For travel days and any agreed days on site prior to start, \$100 USD per day will be payable; these daily allowances must be paid prior to departure

*To enable promoters to budget, any total travel, medical or fees over \$100 need to be pre-authorised by the PSA office.

3.7.5 Disciplinary Reports

Any on or off court violation of the PSA Tour Rule Book rules and regulations by a player should be detailed by the match referee or tournament promoter in the official PSA Code of Conduct report form and forwarded to PSA, within five working days of the completion of the tournament (late submissions may be accepted at PSA's discretion). PSA will act on the submission of the official PSA Code of Conduct report form; no other forms will be accepted from the tournament. The Code of Conduct form can be found in the promoter resource area on the PSA secure promoter site.

PSA may take disciplinary action at their discretion without submission of a Code of Conduct report from the tournament.

Any violation of the PSA Tour Rule Book rules and regulations by a member of a player support team or tournament attendee be detailed by the tournament promoter and reported to PSA.

3.8 Media

Media is an integral part of the promotion of the PSA Tour and its tournaments. As such, PSA have a dedicated PR and Communications Manager who promoters should liaise with pre, during and post tournaments. PSA also strongly recommend all tournaments appoint their own dedicated PR and Media Officer to communicate with the press.

It is a requirement that the tournament provide PSA with full results of all matches, including times, and a quote from the winner of each match within four hours of the end of each day's play. It is strongly recommended for PSA Challenger Tour tournaments that the promoter supplies PSA with imagery from each round, in focus, not taken on a smartphone and at a minimum resolution of 150kb, and detailed reports from the day's play.

PSA World Tour tournaments are required to send PSA one image from each main draw match, in focus, not taken on a smartphone and at a minimum resolution of 150kb. It is recommended that imagery for print are at a minimum resolution of 1.5mb. Photographs must be sent within two hours of the end of each day's play.

Failure to supply the required information will hinder the media coverage of your tournament. Where the quality of communications is inadequate, PSA reserve the right to relinquish media coverage of the tournament.

All tournaments where PSA media personnel are present must provide adequate media facilities, such as a dedicated media room and free internet access.

3.8.1 Television Rights and Broadcasting

It shall be the promoter's express responsibility to ensure that no filming (including video) whatsoever takes place at the tournament. Terrestrial coverage of the tournament, restricted to the country in which it is played, may be undertaken by the tournament. Permission for such filming may be granted upon written application to the PSA no later than one month before the commencement of the tournament.

All international television rights, including satellite and video news, are owned in their entirety and managed by the PSA.

3.8.2 Video and Filming

No live action video filming whatsoever, including by spectators, may take place at the tournament without the express written permission of the PSA.

3.8.3 Video Review

The video review system is strongly recommended for all PSA World Tour Platinum tournaments and SQUASHTV tournaments. PSA reserve the right to enforce the use of the video review system. Where the video review system is used, an extra referee must be allocated to the court. In addition, suitable venue screens should be available to enhance spectator experience.

3.8.4 Web Streaming and Internet / SQUASHTV

All internet and other media rights, both domestic and international, are owned in their entirety by the PSA, and no filming whatsoever for such purposes may take place at the tournament without the express written permission of the PSA. Tournaments may not authorise web-streaming via websites, television or any other medium.

Tournaments must provide a minimum 25 Mbps upload speed dedicated internet line.

The 'Dunlop Official Ball of the PSA' tin sticker must be affixed to the left of the tin on all courts used for the tournament including the glass court. The stickers will be dispatched at least one month before the tournament commences. Please see the Appendix IX for each tournament's allocation of promotional materials.

Photographic evidence must be sent to PSA at least two working days before the commencement of the tournament to confirm the correct court branding.

In case of a dispute, both parties agree to appoint an independent third-party mediator to resolve the situation.

3.9.3 PSA Advertisement and Programme

All PSA sanctioned tournaments shall accept, at no charge, a full-page colour PSA advertisement and a 'Dunlop Official Ball of the PSA' advertisement into the tournament programme (or any similar publication), if so produced, with such advertisements to be provided by the PSA to the tournament promoter. Personal data such as contact details, passport information and medical information should not be used for promotional purposes. A promoter should seek guidance from PSA office if they are unsure what they are able to use and must ensure they adhere to the data processor policy outlined by PSA.

Player photographs are available via the gallery on the secure promoter site. Alternatively, PSA can provide, on request, appropriate photographs for your level of tournament. PSA advise against using recognisable imagery of players that are not playing in your tournament to avoid misleading spectators.

Additional promotional materials including but not limited to posters, banners, tournament passes must adhere to the PSA Branding Rules. Proof copies must be provided to PSA at least two working days before the tournament commences, and preferably before any promotional materials are published to prevent unnecessary reprinting costs for the tournament.

For PSA World Tour Platinum and SQUASHTV tournaments it is mandatory to use PSA's live scoring system, unless otherwise agreed with PSA.

3.9.7 Tournament Feedback

The tournament feedback report is available to fill in online and should be returned to PSA within one week of receiving it. Player feedback can be obtained on request.

3.10 Spectators

The promoter must make suitable arrangements for spectator seating and viewing, and additional facilities at the venue. Appropriate risk assessments, insurance and personnel must be in place. The health and safety of spectators at the venue is solely the responsibility of the tournament.

The promoter is responsible for controlling crowd movement and ensuring that, as far as possible, spectators do not interrupt the flow of play when moving to and from their seats. If spectators are impeding the progress of the match, the match referee should address them respectfully and request their cooperation.

3.11 Ticket Conditions

Each promoter is responsible, as occupier of the tournament venue, for the admission of the public to the venue. Each promoter shall therefore be responsible for ensuring that members of the public are

admitted to the venue on ticket conditions which ensure, insofar as legally possible, safe and orderly admittance.

3.11.1 National Squash Federation Tickets

Once a tournament is registered on the PSA calendar, the promoter will receive a unique login to the PSA secure promoter site. Here, promoters have access to the calendar of tournaments and can see their own tournament information, entry list and draw once it has been published. Promoters will also get access to players' contact and biography details once the entries are confirmed.

Promoters have access to a wealth of resources including but not limited to player photographs, branding information, PSA and partner logos, feedback forms, Code of Conduct forms, referee application forms and a useful FAQs section.

By logging in to the PSA secure site and having access to players' personal information you are responsible for processing personal data, and thus must ensure you are familiar with and abide by PSA's Data Protection and Data Processing policies.

Please contact the PSA Office if there is anything you do not understand or for a demonstration / guidance of the PSA website.

3.14 Tournament and Promoter Responsibility

The tournament promoter agrees to be responsible for the organisation, administration, security and safety of the tournament's venue and to ensure that the venue complies in all respects with applicable health and safety laws and regulations.

The tournament promoter agrees to act in good faith and in the best interests of the PSA and its members and in the best interests of the game of squash at all times. This includes, but is not limited to, understanding the importance of PSA's Safeguarding Policy, Code of General Conduct & Ethics, anti-corruption statement and PSA's Data Protection and Data Processor policies and ensuring these are implemented and understood by all tournament personnel.

The tournament promoter agrees to abide by the PSA Tour Rule Book in all respects and by the final decisions made by the PSA Chief Executive, Chief Operating Officer or Tour Director.

In the absence of the above, the promoter-of-record, as determined by signature of the tournament contract form, is authorised to make any and all necessary on-site judgements, changes and decisions regarding the effective presentation of a PSA Tour tournament. However, he or she should make every effort to contact the PSA office before making a decision regarding PSA rules and regulations.

The tournament promoter shall, during the course of a tournament, make a note of any incident that he or she believes constitutes a violation of the PSA Tour Rule Book. The tournament promoter shall also, at the conclusion of the tournament, furnish a written report to the PSA office, regarding any such occurrence. This must be submitted to PSA within seven days of the conclusion of a tournament.

By hosting a tournament, the promoter on record agrees that the PSA may collect, use and disclose their personal data as provided in the application form for the following purposes, in accordance with the General Data Protection Regulation (GDPR) 2018 and PSA's Data Protection Policy:

The Competition

All PSA World Tour and PSA Challenger Tour sanctioned tournaments must abide by the Rules of Squash as described by the World Squash Federation. Rules can be found at <http://www.worldsquash.org>.

In addition to these rules PSA have the following amendments:

- There will be a two-minute rest between all games
- There will be a four-minute warm-up before the first game, followed by a one-minute interval. The warm-up interval may be increased to 90 seconds if the player areas are situated in what is deemed to be an excessive distance from the court door. This determination can only be made by the PSA Representative, Tournament Promoter or Tournament Referee
- When using a white ball, either player may request a new ball at the end of the third game (the new ball must be requested as a player leaves the court at the end of the third game and cannot be requested when returning to court for the start of the fourth game)

4.1 PSA Fees

No PSA Tour tournaments may charge an entry fee for a PSA player.

4.2 Entries

Players are accepted into an entry list for a PSA Tour tournament in order of their position on the PSA World Rankings. Players with identical rankings will be ordered as follows:

- Number of tournaments played (excluding zeros)
- Ranking last month
- Number of tournaments last month (excluding zeros)
- Random (token assigned once per player per tournament)

4.2.1 Online Tournament Entry

All PSA players are given individual access codes for the members' area of the PSA website. These codes are for players' own personal use and must not be given to other persons. The members' area will allow players to perform the following functions:

- Enter a tournament
- Withdraw from a tournament
- Review the current entry lists for tournaments
- See tournament information in the tournament overview
- Check the calendar
- Review the PSA World Rankings
- Review their personal data
- Renew their membership
- Amend their username and password

Players must enter tournaments through this online system. No verbal entries will be accepted under any circumstances. If a PSA member is given a wildcard place in a tournament, then he/she must make sure he enters that tournament through the online system.

PSA office cannot be held responsible for non-receipt of entries. It is the responsibility of the entering player to make sure that their entry has been successful via the secure site.

PSA reserves the right to have discretion on all finalised entries, including wildcard players, invitees and non-scoring players.

4.2.2 Closing Deadline

Entries for a tournament will close at 12:00 UK time. This is normally the first Tuesday of the month but can vary from time to time. Closing deadlines are always shown on the members' secure site. No PSA entries will be accepted after this time, with the exception of PSA reserve list entries.

Players will be confirmed 28 hours after the closing deadline, e.g. by 16:00 UK time the following day. After the above deadlines, players cannot withdraw without informing the office; this may incur a penalty (see section below on withdrawals).

4.2.3 Involuntary Initiated Withdrawal

If the PSA office is notified immediately of a withdrawal after the closing deadline due to a system error, PSA reserve the right to reinstate the player into the entry list at their discretion.

4.2.4 Wildcards

Wildcards are players included in the main draw at the discretion of the promoter and as agreed by PSA. The number of wildcards a tournament is entitled to nominate is dependent on the level of the tournament; the allocation can be found in section 4.3.

The PSA board expects that a tournament promoter utilises the use of a wildcard place in a reasonable and responsible manner. PSA reserve the right to have final discretion on any wildcard nomination.

4.2.4.1 Wildcard Eligibility

The following conditions apply for all wildcards:

- A wildcard must be a PSA member
- A tournament promoter has to confirm the name of the wildcard to the PSA office before the closing date for entries
- A player must enter a tournament as per 4.2.1
- A player may have up to two wildcards per 12-rolling month period, a maximum of one of which can be used in a PSA World Tour tournament*
- Winner of pre-qualification competition^^

^^PSA will allow a maximum of one wildcard per tournament to be chosen as a result of pre-qualification competition. To be eligible for the wildcard through this method, the other requirements outlined above for all wildcards must be met and PSA must approve the date, size and format of the pre-qualification competition.

4.2.4.2 PSA World Tour Additional Wildcard Criteria

In addition to the above, wildcard nominations for PSA World Tour tournaments must also meet one of the following criteria (a winner of a pre-qualification competition is exempt):

- Former tournament champion of the tournament for which the application is made^
- Former World No.1^
- A top eligible national or junior player from the country where the tournament is held
- A top world junior as per the PSA World Rankings or WSF & PSA Junior Rankings
- Former top 50 player returning from injury^

^Players who meet such criterion must have retained an active / unbroken PSA membership in the interim.

*A PSA player offered a wildcard for the same tournament in the following year may be eligible if the tournament has moved earlier in the calendar at PSA's discretion. However, the points will be excluded from the ranking until the previous year's wildcard points expire.

4.2.4.3 Reserve Wildcards

Tournaments can, if they so wish, nominate a reserve/alternate wildcard to take the place of an original wildcard nomination(s) in case that player makes the main draw by virtue of their own ranking before the main draw withdrawal deadline.

Once the main draw withdrawal deadline has passed, and the entries have been finalised, the wildcard(s) cannot be changed. At this stage, the nominated wildcard player is deemed to have accepted the wildcard, regardless of whether they would have made the main draw by virtue of their own ranking before the tournament starts. The wildcard is still applicable to the nominated player if their ranking is below the lowest ranked player in the main draw, but above the ranking of the highest placed reserve at the time of the main draw withdrawal deadline.

The reserve wildcard can only be used before all entries are finalised and becomes obsolete once the withdrawal deadline has passed (the only exception to this is if the nominated wildcard withdraws from the tournament).

4.2.4.4 Wildcard Withdrawal

Any withdrawal from a tournament by a wildcard must be made in writing to the PSA office. It is the player's sole responsibility to confirm this has been completed successfully. The late withdrawal procedure applies to wildcard withdrawals.

Where a wildcard withdraws for a legitimate reason, such as illness or injury, the reserve wildcard will be utilised. Should no reserve wildcard be available, places will be offered in the following order:

1. Reserve PSA invitee (non-PSA invitees **cannot** replace a wildcard)
2. Next reserve PSA player
3. Non-PSA invitee (PSA Challenger only)
4. Where no player is available, a bye is awarded to next highest seed

4.2.5 Invitee

Invitees are players included in the main draw at the discretion of the promoter and as approved by PSA. Invitees are only able to compete in the main draw of PSA Challenger Tour 5 and 10 levels, and the PSA World Championships. The number of invitee places available depends on the tier of the tournament and size of the draw; the allocation can be found in section 4.3 *Draws*.

4.2.5.1 Invitee Eligibility

An invitee can be a PSA or non-PSA player. However, where an invitee is a PSA player, it will be counted as one of the player's two wildcard entitlements and they will be subject to the conditions outlined in section 4.2.4 *Wildcards*.

An invitee should meet one of the following criteria

- Should be a national or multi-national of the country where the tournament is held
- If a non-national they should have legitimate attachment to the club, sponsor or tournament promoter

A player who is made eligible to be an 'invitee' shall, throughout the duration of the player's participation in the tournament, be deemed to be a temporary PSA member and shall comply with all the sections of the PSA Tour Rule Book including but not limited to the PSA Code of Conduct. PSA reserves the right to have the final discretion on the invitee list.

A tournament promoter must submit a full list of invitee names; this includes any reserves, to the PSA office in writing, by the stated closing date of entries.

4.2.5.2 Reserve Invitees

Tournaments can, if they so wish, nominate reserve invitees to take the place of an original invitee nomination(s). Once the main draw withdrawal deadline has passed, and the entries have been finalised, the invitee(s) cannot be changed unless there is a legitimate reason for withdrawal of the invitee, such as illness or injury.

4.2.5.3 Invitee Withdrawal

Any withdrawal from a tournament by an invitee must be made in writing to the PSA office. Where no reserve invitee is available, places will be offered in the following order:

1. Reserve wildcard
2. Next reserve PSA player
3. Where no player is available, a bye is awarded to next highest seed

4.2.5.3 Invitee Prize Money

Invitees who are not PSA members will not be eligible to earn prize money; this prize money will go to the PSA Foundation.

Notwithstanding the above the PSA board may grant invitee status in special circumstances. Any such requests must be made in writing stating reasons and circumstances for the request.

PSA reserve the right to fill draws with invitees in the event the tournament is not full. This only applies to PSA Challenger Tour tournaments. No non-PSA players are accepted into a PSA World Tour tournament, even as a last-minute reserve.

4.3 Draws

All PSA tournaments will have a seeded draw using the latest PSA World Ranking as at the closing date for entries. Players are placed into the draw according to the PSA World Rankings.

Players are placed into draws in order of ranking. The draw is then made in accordance with the schedule in Appendix VII which is called the 'random draw method'. All PSA Tour tournaments must use this method.

4.3.1 Draw Size Options and Draw Seeding

The following draw sizes are available:

	Draw size	Total Entries	PSA Entries	Wildcards	Invitees
World Championship	64-draw	64	56	1	7
World Tour Platinum	48-draw	48	46	2	0
World Tour Gold	24-draw	24	23	1	0
World Tour Silver	24-draw	24	23	1	0
World Tour Bronze	24-draw	24	22	2	0
Challenger Tour 30	24-draw	24	22	2	0
Challenger Tour 20	24-draw	24	22	2	0
Challenger Tour 10	24-draw	24	21	2	1
	16-draw	16	15	1	0
Challenger Tour 5	24-draw	24	20	2	2
	16-draw	16	15	1	0

Where an invitee is a PSA player this will be counted as one of their wildcards. Where the wildcard and/or invitee allocations are not filled by the tournament, the number of PSA entries will increase accordingly.

Tournaments will be seeded as follows:

16 draw	seed 1-8
24 draw	seed 1-16 in R1 (1-8 seeds receive a bye)
48 draw (men)	seed 17-32 in R1 (players 1-16 receive a bye); seed 1-8 in R2
48 draw (women)	seed 1-32 in R1 (1-16 seeds receive a bye)
64 draw	seed 1-16

Where additional are necessary, these will be allocated in order of ranking.

4.3.2 Publishing the Draw

All draws will be published on the PSA website (and members' secure site); players and promoters associated with the tournament will be emailed once this has been published.

4.3.3 Main Draw

PSA will publish the main draw by 16:00 UK time on the Friday following the closing deadline. Promoters may request a draw be embargoed at PSA World Tour level and above so that a press release can be coordinated with PSA.

Match times must be submitted to PSA within a week of publishing, in accordance with the guidelines in the section below, Playing Schedule.

4.3.4 Reserve Players

PSA will produce for the tournament promoter a list of reserve players, based on ranking, to replace any player who withdraws late.

In the event of a late withdrawal, the PSA will email or telephone the designated reserve. If the player does not respond by the stated deadline, they will forfeit their place and the next reserve will be contacted. Once a reserve player has committed to the tournament they will be subject to the PSA rules in relation to late withdrawal or no show.

Reserves who do not intend to play a tournament should withdraw themselves at the earliest possible moment. This will be without penalty.

Reserve players must update their availability* via the secure members' site when prompted by an automated email, five days before the tournament begins. Players failing to update their availability will be automatically withdrawn at 00:00 UK time and cannot be reinstated. PSA reserve the right, in exceptional circumstances, to reinstate a player.

*A player will be withdrawn at 23:59 UK time on the date they have chosen.

4.3.5 Unfilled Draws

Where any main draw remains unfilled, the PSA office may, with the support of the tournament promoter, extend the tournament closing date by a further seven days and canvass entries for the tournament.

PSA reserve the right to fill draws with invitees in the event the tournament is not full (PSA Challenger Tour only).

4.4 Playing Schedule

PSA Challenger Tour 5 tournaments may play up to two rounds on one day of the tournament. Such tournaments must schedule a minimum of three days for the main draw; exceptions to this will be allowed at PSA's discretion if requested in writing by the promoter. It is strongly recommended that the semi-final and final are not played on the same day; PSA will only allow this when the main draw of a tournament is played over two days as approved by PSA.

PSA Challenger Tour 10 tournaments and above will play only one round a day. Under special circumstances, this may be changed at PSA's discretion.

All timings must be sent to PSA five working days after the main draw has been made.

Where the tournament has more than one tournament category, for example men's and women's, the promoter shall make best efforts to schedule matches so that both draws receive equal exposure on the primary viewing court. Where the tournament levels differ considerably, this does not apply.

Where a tournament has split rounds, the number one seed will be scheduled to play on the first day of the tournament's main draw. Should a promoter make a special request to change this, PSA may alter the schedule accordingly at their discretion.

Promoters who choose to sell tickets prior to the final schedule being agreed with PSA, do so at their own risk and understand that this may be subject to change. PSA reserve the right to have the final decision on tournament schedules.

4.4.1 Schedule Examples

A 16-draw round robin (PSA Challenger Tour 5 only) will have the following:

This format is designed to provide more playing and development opportunities for players just starting out on the professional tour; all players will be guaranteed at least three matches.

There will be four groups of four players (Group A, B, C and D) with the top player in each group progressing to the semi-finals. Players will be seeded from 1-8 in a 16-player draw, and the draw will be conducted as follows:

Seed 1 will be drawn in Group A

Seed 2 will be drawn in Group D

Seed 3 and 4 will be drawn randomly into Group B and C

Seeds 5-8 will be drawn randomly into Group A-D

Players 9-16 will be drawn randomly into Group A-D (format used for draw should be A-D, repeated twice until all 8 players are drawn)

The top player in each group will progress to the semi-final as follows:

Semi-Final 1: Winner Group A vs. Winner Group B

Semi-Final 2: Winner Group C vs. Winner Group D

Final: Winner Semi-Final 1 vs. Winner Semi-Final 2

A 16-draw knock-out tournament will have the following rounds:

Round 1 (9/16)	16	8
Quarter-finals (5/8)	8	4
Semi-finals (3/4)	4	2

Round 2 (9/16)	16	8
Quarter-finals (5/8)	8	4

A 48-draw knock-out tournament will have the following rounds:

A 64-draw knock-out tournament will have the following rounds:

Round 2 (17/32)	32	16
Round 3 (9/16)	16	8
Quarter-finals (5/8)	8	4
Semi-finals (3/4)	4	2
Final (1/2)	2	1

4.4.2 Start Times

In all PSA tournaments, play should not commence before 12:00 noon local time, unless approved by PSA. In PSA Challenger Tour 5 tournaments, where two rounds are scheduled on one day, play may begin at 10:00 local time.

An order of play must be produced for matches with match timings allowing at least 45 minutes for each match.

Players cannot be made to play before their scheduled time but must be available to play as soon as their scheduled court is available at or after their scheduled time, subject to an allowable ten-minute delay on a scheduled match time.

Play can start earlier or on another court only by mutual agreement of both players.

4.4.3 Rest Between Matches

Where a player is playing two matches in one day, these matches should be scheduled so that there is a minimum of 4 hours and 45 minutes rest time between the start of matches. For instance, if a player plays their first-round match at 12:00 noon and there are two rounds scheduled that day, their next match cannot start before 16:45.

The minimum rest time between matches on different days is 18 hours between the start of each match. For instance, if a player plays their first-round match at 20:00 hours, their next match should not be scheduled before 14:00 hours the next day. Where this cannot be avoided, this should be discussed with PSA who may sanction alternative match schedule at their discretion.

Tournaments are encouraged to make rest times as even as possible throughout the draw. It is mandatory that semi-finals in the same division are played no more than two hours apart to ensure fair rest time for both players ahead of the scheduled final.

4.4.4 Split Rounds

A split round is defined as a single round of play played over two days. PSA World Tour tournaments may include split days of main draw play up to and including the quarter-finals, however they should discuss with PSA prior to confirming dates.

PSA World Tour 48-draw tournaments must be played over a minimum of seven and maximum of ten days. Tournaments may choose from the following schedules:

7-day World Tour Platinum	One split round (R2 or R3)
8-day World Tour Platinum	Two split rounds (any two of R2, R3 and quarter-finals)
9-day World Tour Platinum	Three split rounds (R2, R3 and quarter-finals)
10-day World Tour Platinum	Four split rounds (R1, R2, R3 and quarter-finals)

Where a tournament has split rounds, the number one seed will be scheduled to play on the first day of the tournament's main draw. Should a promoter make a special request to change this, PSA may alter the schedule accordingly at their discretion.

4.4.5 SQUASHTV Scheduling

PSA reserve the right to schedule matches at tournaments with SQUASHTV, as required for broadcast. PSA will work directly with the tournament to draw up a suitable schedule.

At SQUASHTV tournaments, it is not mandatory for the top eight seeds to play their matches on the glass show-court if otherwise requested by the promoter or as directed by PSA. PSA reserve the right to the have the final say on scheduling of all SQUASHTV matches.

There must also be a suitable break between the afternoon and evening matches to give the SQUASHTV crew rest time during the day's play.

Promoters who choose to sell tickets prior to the final schedule being agreed with PSA, do so at their own risk and understand that this may be subject to change. PSA reserve the right to have the final decision on tournament schedules.

4.4.6 Play-Offs

Tournaments shall not have third/fourth place play-offs.

4.4.7 Match Rescheduling

A tournament promoter or PSA may reschedule a match to accommodate travel difficulties but should only do so if the delayed player has requested a rescheduling at least two hours prior to his match time and if the reason for the delay is legitimate. Only in exceptional circumstances should a match be rescheduled to start more than six hours past the original starting time.

Any players affected by a match rescheduling should be informed as soon as possible. PSA office must also be informed so that the draw can be updated online.

4.5 Withdrawals

Withdrawals can be made before closing deadlines without penalty. Any late withdrawal from a tournament after the entry list has been confirmed will be penalised in accordance with the guidance below.

4.5.1 Online Tournament Withdrawal

Online withdrawals, without penalty, after the 12:00 UK time on the closing date are allowed as follows:

Entry confirmation deadline is 16:00 UK time the day after a tournament closes (28 hours). As tournaments close on a Tuesday, this deadline will be 16:00 UK time on the Wednesday. The draw entries are finalised at this time.

After the above timelines, all withdrawals should be submitted in writing to PSA office; no verbal withdrawals are accepted. Players should extend this courtesy to promoters. Players on the reserve list can withdraw at any time without penalty if they are not in the final confirmed entry list through the members' secure site.

4.5.2 Late Withdrawals

Any withdrawal after the entry deadlines as stated above is considered a late withdrawal. It is a player's responsibility to inform PSA in writing as early as possible. All late withdrawals will be dealt with in accordance with disciplinary action outlined in the PSA Code of Conduct.

If the withdrawal is within seven days of the tournament, players must also copy in the following:

- PSA office office@psaworldtour.com
- Hannah Ridgard-Mason hannah@psaworldtour.com
- The tournament promoter

Late withdrawals will be penalised in accordance with the guidance below.

The tournament promoter has the authority to action the withdrawal, as long as it is received in writing, should the PSA office be closed.

The responsibility is always on the player to check that their withdrawal has been received in time and that the automated withdrawal email has been received.

Should a player need to withdraw over the weekend, or when the PSA office is closed, they must inform the PSA office and tournament promoter. The tournament promoter should make every effort to contact a member of PSA; if PSA cannot be reached, the tournament promoter can undertake the withdrawal in accordance with PSA's withdrawal guidelines found in [Appendix IX](#).

If a late withdrawal occurs within 48 hours of the tournament commencing, players may be asked for supporting documentation by 09:00 UK time the day following receipt of the withdrawal, including but not limited to confirmed flight tickets and accommodation bookings. Failure to supply this documentation without reasonable explanation will be penalised as per the PSA Code of Conduct.

A withdrawal from the draw after 12:00 noon UK time, the day before the start of a PSA Tour sanctioned tournament, will be penalised in accordance with the PSA Code of Conduct. This is subject to PSA's discretion and may be waived in exceptional circumstances.

4.5.3 No Shows and Defaults

Any player not ready to play within 15 minutes after his match is called will be defaulted. Also known as a 'no show', a default means a bye is given to their opponent. Players will be penalised for this in accordance with the PSA Code of Conduct.

4.6 Zero Scores

Players will be given a zero score counting towards their PSA World Ranking for late withdrawals. The following guidelines will determine the type and duration of zero score given.

4.6.1 Disciplinary Zero Scores

A disciplinary zero score is automatically given for the following:

- Late withdrawal
- Defaults and no shows
- Disciplinary matters

This zero score will stay on a player's record as a tournament played for the following 12 months. An appeal against a disciplinary zero will only be considered in exceptional circumstances and this should be done so in writing to the PSA office. Disciplinary zeros will always count as a 'best result' tournament played and will not be used in reducing the divisor.

4.6.2 Penalty Zero Scores

A player will receive a three-month disciplinary zero for missing the withdrawal deadline due to an exceptional circumstance, providing they advise the PSA office by 09:00 UK time the day after the withdrawal deadline.

4.6.3 Clashing Tournaments Procedure

A player may not play in two PSA tournaments where main draw dates overlap; these are known as 'clashing tournaments'. Players confirmed in two clashing tournaments at the 16.00 confirmation deadline will receive the following sanctions:

First time offence:

- 3-month penalty zero
- Removal from the tournament in which they are highest seeded
- Warning about future conduct

Subsequent offences:

- 12-month penalty zero
- Removal from both clashing tournaments
- Prevention from entering any clashing tournaments for the next 12 months, taken from the date of closing

Players confirmed draw of a tournament will be removed from a reserve list of a clashing tournament should a place become available and cannot under any circumstance choose to swap tournaments.

4.6.4 Cumulative Off-Site Offences

A player who accumulates in excess of four counting zeroes (this includes medical zeroes that count towards a player's ranking) within 12 months will be given a 3-month suspension. This will be enforced five working days from the allocation of the fifth disciplinary zero. Players have this time to submit any mitigating evidence, such as a medical certificate or visa refusal documentation. PSA reserve the right to lift a suspension at their discretion.

4.6.5 Medical Zero Score

If a player fails to play a tournament through sickness or injury they must supply a medical certificate to PSA office.

Only once the PSA office receives the medical certificate will the withdrawal be recorded as a 'medical zero'. A medical zero can be included as one of a player's lowest scores for the calculation of the ranking.

A player is only entitled to one medical zero within a 12-month period. However, the medical zero can be extended to include any subsequent withdrawals resulting from the same injury, providing sufficient supporting medical history is supplied. Once a player returns to playing any PSA tournaments, the extension of the medical zero becomes obsolete.

Any further withdrawals due to a different injury or illness within the 12-month period will incur a medical zero which will count towards the player's ranking for the following 12 months.

4.6.5.1 Medical Certificates

If a player has to withdraw from a tournament because of illness or injury they must supply a medical certificate. The PSA will advise the player of the deadline date for receipt of this document. A medical zero will only be given on receipt of an approved document.

Where the medical withdrawal is within 48 hours of the start of the tournament, the player is expected to have sought medical advice prior to the withdrawal. Hence, the medical certificate will be required by 09:00 UK time the day following the receipt of the withdrawal. The player may also be required to supply additional documentation as outlined in Late Withdrawals. Where a player is unable to make an immediate medical appointment, PSA may grant an extension of up to three working days but will require proof of the upcoming appointment by the initial deadline for this to be considered.

For all other medical withdrawals, the player must submit their medical certificate within five days of the withdrawal, or before the end of the tournament, whichever is sooner (where multiple tournaments are withdrawn from at the same time, this date is taken from the earliest tournament withdrawal).

PSA may use their discretion to contact medical professionals to verify medical certificates and may refuse to accept it if evidence is not substantiated.

Note: When a player retires injured during a tournament, please refer to the rule outlined in Match in Progress – Medical Certificate.

PSA will only accept a medical certificate if it meets the following requirements:

- Statement of injury, treatment and likely absence from the PSA Tour
- Sent on headed paper with the company name, address and date

- Signed by the medical professional authorising the document

Note: As English is the working language of the PSA, all medical certificates should be submitted in English. Any medical certificates that are submitted in another language must be accompanied by an officially certified translation into English.

Failure to provide satisfactory documentation will be penalised in accordance with the PSA Code of Conduct.

4.6.5.2 Match in Progress

Any player withdrawing from a match in progress must acquire a medical certificate or tournament letter attesting to the cause. Where this is a PSA World Tour Platinum or SQUASHTV tournament, the player must be assessed by the on-site physiotherapist / doctor who should provide PSA with the medical certificate. Evidence must be submitted to the PSA office within five working days of the retirement.

Failure to provide satisfactory documentation will be penalised in accordance with the PSA Code of Conduct.

4.6.5.3 Involuntary Initiated Withdrawal (Medical)

Where it is obvious to the tournament referee or a PSA representative that a player has an injury or illness which would jeopardise the quality of a match, and where it would not be in the best interests of professional squash to allow the match to proceed, they may rule the player ineligible to compete and withdraw the player. This should be done under strict consultation with the PSA. The resulting gap will result in a walkover unless it is a first-round match. If it is any other round in the tournament, the injured/ill player who is withdrawn shall receive world ranking points and the appropriate prize money.

4.6.6 No Penalty

Late withdrawals, in exceptional circumstances, may incur 'no penalty', which does not count towards a player's ranking. This includes, but is not limited to, the sections outlined below.

4.6.6.1 Visa Issues

If a player requires a visa to play a tournament, they may withdraw without penalty if the visa is not granted in time, provided they have applied for the documents in reasonable time at the discretion of PSA. As a guide, PSA define reasonable time as within five working days of being confirmed in a tournament. Players will be asked to supply sufficient evidence of their visa application to receive no penalty for the late withdrawal.

Please note it is a player's responsibility to ensure that their passport has sufficient validity when applying for a visa. Should a player be refused a visa for this reason, they will be given a disciplinary zero for a resulting withdrawal.

Failure to provide satisfactory documentation will be penalised in accordance with the PSA Code of Conduct.

4.6.6.2 Travel Advice and Issues

If a player receives written advice from their foreign office that it is advisable not to travel to a certain country, then the player may withdraw from the tournament without penalty. The player must supply official documentation to support such late withdrawal from a tournament.

Where players can evidence travel disruption beyond their control, PSA may consider granting no penalty for a late withdrawal.

4.6.6.3 Bereavement

A player who withdraws because of a bereavement will not receive a zero score and have the tournament count as played where the relationship to the bereaved is a spouse or long-term partner,

parent, parent-in-law, step-parent, grandparent, sibling, step-sibling or child. Any other requests will be at the discretion of PSA.

4.6.7 Multiple Tournament Withdrawal

Where a player withdraws from more than one tournament at the same time on medical grounds, only the first tournament will count as played providing the player submits a valid medical certificate.

A player will receive a penalty zero or disciplinary zero (as appropriate) for each tournament they withdraw from if an acceptable reason / evidence is not provided as outlined earlier in this section (see Late Withdrawals, Zero Scores and Disciplinary Zero Scores for further information).

4.7 Pegged Ranking

A PSA member who has not competed for a minimum of 6 months in any PSA Tour tournament (but has been absent on the tour for no more than 18 months) may be eligible to utilise a pegged ranking (PR) based upon their ranking. Players must notify PSA as soon as possible if they wish to utilise PR.

This elevated ranking will enable them to be placed in tournament entry lists higher than their actual ranking (AR) at the time, and so be placed draw at a level closer to their AR at the point at which they stopped competing. This benefits the returning player and other tournament entrants.

PR is only available on the basis of medical or other related situation, as approved by PSA. PSA may refuse an application if they feel that the medical or related criteria are not applicable or that the player has been fit enough to compete as evidenced by activity other than in PSA registered tournaments.

The six-month minimum is pegged to start from the date PSA receive the medical documentation for the injury which results in the prolonged absence from the PSA Tour. * The medical documentation must be signed, dated and on an official letterhead from the medical personnel seen.

The injury period is deemed to have ended at the start of the next competition they enter.

The player concerned must have retained unbroken PSA membership during the period of inactivity.

*In the case of pregnancy, the PR may still be utilised and will be pegged to start from the end date of the last tournament in which the player participated. All other rules relating to PR apply.

4.7.1 Pegged Ranking System

The PR is determined by taking the player's ranking from when it was pegged to start as above, and adding ranking places as follows:

Ranking	Add
1-16	+ 5
17-32	+10
33-64	+15
65+	+20

If the pegged ranking is the same as that of an entered player, the PR player will be placed lower than the player with the actual ranking in the tournament order.

A player is permitted to use a maximum of four PRs.

The use of PRs must be completed within a period of four months, the start of which is taken from the first day of the first tournament a player competes in on their return from injury (regardless of whether the PR is used for this tournament). Eligible tournaments must be completed within four months of this start date.

Example: A player returns from injury and plays their first tournament which begins on 10 March. Their PR can therefore be used in up to four tournaments which end before 10 July.

Note: the first day of the tournament is taken from the first day of first round of the tournament. A completed tournament refers to the last day of the main draw of a tournament (and not the date a player gets eliminated).

Should a player withdraw from a tournament where the PR has been used, PSA may consider rescinding the tournament as one of the player's PRs. Such examples include, but are not limited to, visa problems or medical reasons which are evidenced appropriately.

A player is not obliged to use any or all available PRs.

PRs and ARs may be used interchangeably but the player must notify the PSA prior to the tournament closing date and may not alter their status after the entry deadline.

4.7.2 Operation

A member wishing to be considered for PR must apply to the PSA office no later than seven days before the entry deadline of each tournament they wish to utilise their PR for following their lay off.

4.8 Non-Scoring Players

New tournaments that have not appeared on the previous year's PSA Tour may request a non-scoring player option whereby up to two non-scoring PSA entries are allowed.

4.8.1 Conditions for Non-Scoring Players

- No more than two non-scoring players are allowed per tournament
- A maximum of one player may be chosen at the discretion of the tournament
- The additional non-scoring option will be allocated to the highest ranked player to apply
- Any non-scoring player who withdraws from the tournament after the closing date will be subject to all the PSA Code of Conduct penalties
- In the event of more than two players applying for non-scoring status, the player not granted non-scoring status shall be notified of the fact and may withdraw from the tournament up to 24 hours after the closing date for entries with no penalty
- A player will only be allowed to play two non-scoring tournaments in a season
- Any player who is granted non-scoring when tournament entries close does not have the option to take the points from the tournament
- Any player who loses to a non-scoring player in the tournament, has the option of not taking ranking points for that tournament. They must confirm this within 24 hours of the completion of the tournament

4.8.2 Operation

A member wishing to be considered for non-scoring must apply to the PSA office no later than seven days before the entry deadline of the tournament.

A PSA player shall, at all times, conduct themselves in a sportsmanlike manner and give due regard to the authority of officials and the rights of opponents, spectators and others. Players should act with integrity and set a positive example, promoting the reputation of the sport and taking all possible steps to prevent it from being brought into disrepute.

A PSA player must abide by the PSA Tour Rule Book, paying particular attention to the PSA Code of Conduct. It is expected that PSA players also take the time to ensure they are familiar with and abide by key PSA policies, including but not limited to PSA's Data Protection Policy, PSA's Data Processor Policy and PSA's Safeguarding Policy.

5.1.5 Anti-Doping Policy

To harmonise anti-doping policies at the world level of squash, the World Squash Federation (WSF) has signed an agreement with the Professional Squash Association (PSA). All are signed up to the WADA (World Anti-Doping Agency) code. The PSA is unequivocally opposed, on ethical and medical grounds, to the practice of doping in sport and fully supports the position of the International Olympic Committee/World Anti-Doping Agency (IOC/WADA) against the use of banned substances and methods. The use, possession and/or trafficking of banned substances, methods, or the encouragement/counselling to use banned substances, or methods; and/or taking measures to mask the use of banned substances, or methods by any participant in competitions over which the WSF and/or PSA has jurisdiction is unacceptable and will not be tolerated. The WSF policy on doping is to ensure fair and equal competition among athletes and by concern for the health of athletes participating in such competition. This policy shall apply to all participants in competitions over which the WSF and/or PSA has jurisdiction and provides for sanctions against any player found guilty of doping offense. All PSA players are subject to doping controls (urine analyses, blood tests and other authorised techniques for detecting prohibited substances or methods). It is intended that all participants be subject to year-round out-of-competition testing and that the code not apply solely to

in-competition testing. It is every PSA player's obligation to be familiar and compliant with the WADA code. A copy of the WADA code is available in the member section of the PSA website.

5.1.6 Gambling and Wagers

No PSA player shall wager, cause to wager or benefit from the wagering of anything of value in connection with any tour sanctioned tournament. Violation of this section shall subject the player to a fine up to £10,000 GBP and/or suspension from play in the tour for a period up to three years.

5.1.7 Promotional Activities

A PSA player is obliged to attend all off-court group promotional events arranged by the tournament. The PSA board will take strong disciplinary action against those players who refuse or do not make themselves available to participate in promotional activities.

A detailed plan of promotional activities must be communicated with PSA for their approval. Promotional activities, as agreed with PSA, can be made mandatory if confirmed at least five days before tournaments close for entries. After this time, mandatory promotional activities will be specified at the discretion of PSA and cannot be guaranteed.

5.1.8 Player Publicity

All PSA members agree to waive in full all their individual claims on performers' and intellectual property rights.

PSA membership means that all members grant PSA and PSA Tour tournaments the right to use their name, photograph, likeness, biography, logo, artwork, voice or other similar identification for the purposes of promoting the PSA Tour. This includes but is not limited to pictures, programmes, broadcasts and telecasts and all other publicity and promotional materials and media, including publicity and promotion in connection with a commercial product, as long as such publicity and promotion is directly related to the publicity and promotion of the PSA Tour, its sponsors and tournaments, and does not constitute a direct individual endorsement of such commercial product.

Each member transfers to PSA any television rights they may own in all PSA Tour tournaments in which the player participates.

5.1.9 Interviews

PSA players should set aside 15 minutes immediately following each match regardless of outcome to speak to the media, if required.

5.1.10 SQUASHTV and TV Interviews

Players will be required to make themselves available for interviews whilst at the tournament by PSA's media partners. In the event that a player fails to make themselves available at the appropriate time, the player will be in breach of the PSA Code of Conduct. PSA players who make it through to the semi-final and final stages of tournaments that are being filmed by SQUASHTV will make themselves available for 15 minutes immediately following each match or at the practise session the following morning to do their TV interview for the SQUASHTV/TV production.

5.1.11 Social Media

All players competing on the PSA Tour agree to behave in a manner befitting the organisation when posting and commenting on social media channels and in accordance with the PSA Social Media Code of Conduct.

5.1.12 Playing Another Tournament (PSA)

A PSA player may not play in two PSA tournaments where draw dates overlap.

Players may request for a clash to be lifted for two tournaments where the main draw dates may slightly overlap. This must be done in writing to the PSA office at least one week before the

tournament closes. Any clash lift will be at the PSA office's discretion, and decisions on such requests will be made after assessing each individual case.

5.1.12.1 Playing Another Tournament (Non-PSA Tournament)

No player who has been confirmed in a PSA tournament shall play in any other competitive squash tournament during the period of such tournament, without the express written consent of the PSA. This rule still applies should a player withdraw from a tournament due to injury or illness.

5.1.12.2 Exhibition Tournaments

A PSA player will not play an exhibition or tournament of any sort in a 50 mile (80 km) radius of a sanctioned PSA tournament within seven days on either side or during that tournament without written permission of the tournament promoter or PSA.

5.1.12.3 Rival Tours

No player will play in a rival tour whilst he is a member of the PSA. A rival tour is a tour, championship or series of tournaments that the PSA consider may damage or affect the good standing of the PSA, its members and own tour.

5.1.13 PSA World Tour Finals*

If eligible, a player must play in the PSA World Tour Finals.

5.1.14 PSA World Tour Platinum Tournaments*

The top eight players in the PSA World Rankings (at the time of the tournament closing) are committed to playing all PSA World Tour Platinum tournaments with the exception of players who have reached the age of 35 before the start of the first PSA World Tour Platinum tournament of the season. Players aged 35 and above are entitled to miss one PSA World Tour Platinum tournament per season.*

5.1.15 PSA World Championships*

The top sixteen players in the PSA World Rankings (at the time of the tournament closing) are committed to playing the PSA World Championships.

**Players for whom it is mandatory to compete are automatically entered on the first day of the month in which the tournament entries close.*

If a top 8 (or 16 in PSA World Championships) player wishes to withdraw from the tournament they must advise the PSA office in writing. As with any other withdrawal, the player has 28 hours, from the entry close deadline, in which to notify the office of their withdrawal. Evidenced injury and compassionate grounds still apply.

Violation of any of the above will result in consideration by the PSA board of disciplinary action.

5.1.16 Performance Waivers

All PSA members on subscribing to the association agree to waive, in full, their entire individual claims on performer and intellectual property rights.

5.2 PSA Representative

If the PSA Chief Executive or PSA Chief Operating Officer is present at a tournament he is the official PSA representative. If not, then a board member can act in that capacity, if so appointed.

Player Conditions

6.1 Player Eligibility

To compete in a PSA Tour sanctioned tournament a player must be a member of the PSA (see section below PSA Membership) or PSA approved invitee.

All players entering PSA Tour sanctioned tournaments must be in good standing with the PSA. In particular, all outstanding fees and fines must be fully paid prior to entering a tournament. PSA reserves the right to bar a player from participating in a sanctioned tournament for non-compliance with any disciplinary action.

6.2 Payment of Fees and Fines

Every PSA member shall pay to the PSA an annual subscription in each calendar year of their membership. This is, from time to time, determined by the board. A member shall not be entitled to exercise any of the rights or privileges of membership until they have paid all monies payable to the association upon becoming a member. If any member shall fail to pay to the association any amount owing from such member in respect of:

Membership fees and subscription for a period of one month following the due date thereof

Or

Fines or penalties imposed under the PSA Code of Conduct for a period of 30 days following the date upon which written notice of the same was duly given to such member.

Then all rights and privileges exercisable by the player as a member of the association shall be immediately suspended. In the event of a member being suspended, resigning their membership or the association otherwise terminating the membership, their subscription shall be payable in full for the year during which such suspension, resignation or termination of membership occurs. If they have already paid such subscription they shall not be entitled to recover such payment or any part thereof from the association.

Any fully paid up member for the previous two consecutive years who is unable to compete on the PSA Tour for a period of 12 months or more, and who provides a medical certificate that evidences that, will be granted a credit of 50% of the then current annual membership fee against future fees.

6.3 Conduct

A PSA player shall, at all times, conduct themselves in a sportsmanlike manner and give due regard to the authority of officials and the rights of opponents, spectators and others.

A PSA player must comply with the PSA Code of Conduct. Failure to do so will result in disciplinary action.

6.3.1 Disciplinary Action

PSA reserve the right to take disciplinary action for circumstances which the PSA consider a breach of the Code of Conduct. PSA's disciplinary procedure can be found in Appendix XII.

PSA reserve the right to use SquashRef statistics, as published on the PSA secure site, to take disciplinary action against players. This may include, but is not limited to:

- Action against both players in any one match where there has been a significantly high number of decisions
- Action against any individual player who consistently has a high number of decisions per match

6.3.2 Mutual Recognition of Disciplinary Penalties

The World Squash Federation (WSF) and PSA have entered into an agreement for the mutual recognition of disciplinary penalties. Each party had a disciplinary system comprising a set of rules

and administrating instituting and determining disciplinary matters, including the imposition of penalties.

PSA agree to uphold any disciplinary action taken by the WSF International Disciplinary Action, as outlined in the 'Agreement for the mutual recognition of disciplinary penalties' between the WSF and PSA.

Members must comply with and not be in breach of the rules and processes contained in the rules of WSF, Regional Federations, each player's member nation, and any member nation in which a player plays a squash tournament. PSA will provide the imposition of penalties for a breach of any such rule.

See PSA's Code of Conduct for further details.

6.3.3 Player Communication and Bonus Entitlement

Players are expected to respond to PSA and promoters in a timely and professional manner. Where a player fails to submit information requested by a given deadline to a promoter or PSA, the player may lose the right to the service being offered. This includes but is not limited to accommodation bonuses, transport and visas services.

6.4 Clothing Regulations

Every player shall dress and present themselves for play in a professional manner.

6.4.1 On-Court

The following clothing rule shall apply without exception to all PSA Tour tournaments.

In all matters of judgement or opinion arising from the interpretation of this clothing rule, the decision of the tournament referee or on-site PSA representative shall be final, except that they may not rule illegal or unacceptable an item of clothing or a design which has been approved by the PSA.

In addition to the above, clean and customarily acceptable squash attire shall be worn.

Unacceptable attire shall include:

- Sweatshirts
- Tracksuits (tracksuit trousers may be worn for religious regions after approval from PSA)
- Long sleeved tops
- Promotional t-shirts
- Training tops
- Leggings
- Aerobic bodysuit of any description
- Long sleeved compression garments
- Full length compression stockings (leggings)

Playing clothing shall consist of:

For men - a short-sleeved polo shirt with an attached collar or non-cotton t-shirt and shorts outfit, sleeveless playing top and shorts outfit, shorts, socks and non-marking indoor court shoes.

Compression shorts above the knee are allowed to be worn under playing shorts. Compression socks up to the knee are allowed.

For women – A short-sleeved polo shirt with an attached collar or non-cotton t-shirt, sleeveless non-cotton vest top, dress, shorts, skirt, socks and non-marking indoor court shoes.

Compression shorts above the knee are allowed to be worn under playing shorts, skirts and dresses. Compression socks up to the knee are allowed.

Players may wear clothing of any colour or combination of colours.

All clothing shall conform to the accepted standards of decency and cultural/religious tradition of the country in which the competition is taking place, as adjudged by the tournament referee.

Both players shall be obliged to wear distinctly different coloured clothing. The higher seeded player will have first choice. This colour/style must be worn for the duration of the match. If a player has to change his/her top during a match he/she must make sure that they wear the same colour and style of shirt as they started the match. It is the responsibility of the players to comply with this rule. As the PSA is very serious about its media obligations, non-compliance of this rule will result in application of the PSA Code of Conduct.

Headwear, other than that normally worn for religious, cultural or medical reasons, is not permitted, with the exception of headbands, bandannas and straps for approved eye-guards.

Junior members are to abide by the rules of the national federation sanctioning a tournament with regards to eye guards. If the national federation deems it mandatory for juniors to wear eye guards then this rule will be upheld by PSA.

Any jewellery or watches worn by a player shall not be so conspicuous or brightly reflecting as to distract or un-sight an opponent and shall not be potentially dangerous. The tournament referee may require the removal of any piece of jewellery deemed to violate the above.

Referees are given the authority not to allow any player, breaching these rules, back on court and the player may be disqualified.

6.4.1.1 SQUASHTV Clothing

In addition to the above, for any match covered by television or SQUASHTV, players' clothing shall conform to the advertising regulations published and generally applied by the appropriate television authority of the country in which the match is being played.

6.4.1.2 Clothing Logos and Marks

Playing tops may carry marks and logos as defined in PSA's Clothing Regulations document.

6.4.2 Off-Court

The following dress code will apply to all PSA sanctioned tournaments:

Court venue: Neat trousers, polo or dress shirt, tie street shoes or loafers or professional athletic gear, including warm-ups and tracksuits. Only smart jeans will be allowed (e.g. no faded jeans, or those with holes or rips).

Tournament hotel: Neat trousers, smart jeans, polo or dress shirt, tie street shoes or loafers or professional athletic gear, including warm-ups and tracksuits.

Tournament functions: Neat long trousers, polo or dress shirt, tie shoes or loafers with sport jacket or neat sweater (you must check the player information sheet to confirm what dress is required). All dress should be appropriate to the environment.

6.5 Player Grievances

Tournament promoters are required to follow the PSA Tour Rule Book. Any player feeling an injustice has been done should report their grievance immediately to PSA office. PSA endeavour to investigate all player grievances as full as possible.

PSA World Rankings

7.1 PSA World Rankings

PSA World Rankings are calculated and published on the first day of each month. PSA World Ranking points are earned based on the level of a tournament. Players automatically receive ranking points appropriate to their final placing in a tournament.

The points table showing the breakdown of points awarded for each tournament can be found in Appendix X.

The PSA World Ranking is used for selection of entries and the determining of seeds in each PSA Tour tournament.

The total number of points a player accumulates in any 12-month period is divided by the number of tournaments played to give an average score (the minimum is currently 10 tournaments for men and 9 for women). The average score is the factor that dictates where a player is placed in the PSA World Rankings. Until a player plays 10 tournaments (men) or 9 tournaments (women), their total points' accumulation will be divided by this minimum divisor (10 for men, 9 for women) and after that it will be determined by the formulae below:

Men's World Ranking Divisors:

Tournaments played	10	11	12	13	14	15	16
Divisor	10	10	10	10	11	11	12

Tournaments played	17	18	19	20	21	22	23
Divisor	12	13	13	14	14	15	15

Women's World Ranking Divisors:

Tournaments played	9	10	11	12	13	14	15
Divisor	9	9	9	9	10	10	11

Tournaments played	16	17	18	19	20	21	22
Divisor	11	12	12	13	13	14	15

Example: a player who has competed in 13 tournaments will have selected their best 10 scores which will be accumulated and divided by 10 to give the player's average.

7.2 Equal Rankings

Players who have the same average when the PSA World Rankings are calculated are deemed to be of 'equal ranking'. Players with equal rankings are ordered in the published PSA World Ranking list as follows (in order of priority):

1. Tournaments played (most first)
2. Ranking last month
3. Tournaments played last month (most first)
4. Name (alphabetical)

Note: A different ordering process is applied in tournament entry lists for players who are of equal ranking (see section 4 The Competition).

7.3 WSF & PSA Junior Rankings

WSF & PSA Junior Rankings are calculated and published on the first day of each month for both U17 and U19 age groups. Points are awarded based on the schedule in [Appendix X](#). Rankings will be based on the same divisor method as the PSA World Tour Ranking.

Points from WSF & PSA World Junior Championships, WSF & PSA Regional Junior Championships, WSF & PSA National Junior Opens and WSF & PSA National Junior Championships are automatically added to the WSF & PSA Junior Rankings for all competitors.

In addition, PSA World Ranking points earned are automatically added to the WSF & PSA Junior Ranking for U19 and U17 PSA members.

Note: All players in the U17 category will automatically be included in the U19 rankings. Once a player turns 17 or 19, they will no longer appear in the respective WSF & PSA Junior Ranking. For example, if a player's 19th birthday is on the 15 August, the last time they will appear in the WSF & PSA U19 Junior Rankings would be the 1 August. They would no longer be eligible to be in the September rankings.

7.4 PSA World Tour Finals: Road to Dubai Leaderboard

PSA have a separate PSA World Tour Finals ranking, known as the "Road to Dubai Leaderboard", which operates on a seasonal basis (1 August to 30 June the following year).

These standings are calculated by using the cumulative total of points earned in PSA World Tour tournaments taking place in the given season.

The reigning PSA World Champion and the seven season PSA World Tour Platinum winners will automatically qualify for the PSA World Tour Finals. Any remaining places will be allocated to the next highest ranked player on the Road to Dubai Leaderboard after the final PSA World Tour tournament in the given season.

7.4.1 Road to Dubai Leaderboard: Equal Rankings

A player's unique ranking number will be determined using the following ordering system:

1. Highest cumulative total of points from PSA World Tour tournaments within the season
2. Highest number of PSA World Tour tournaments played within the season
3. Furthest rounds reached within the season in PSA World Tour tournaments, starting with highest number of finals reached (if no differentiation can be made by number of finals, then the calculation moves onto semi-finals, then quarter-finals and so on and so forth)

Any player with exactly the same values for all three of these, will have the same joint ranking.

7.4.2 Road to Dubai Leaderboard: Entry List Rankings

Where players have the same joint ranking on the Road to Dubai Leaderboard at the end of the season (as determined in 7.5.1), their position in the entry list for the PSA World Tour Finals draw will be determined by a randomly assigned token.

The member must pay the difference in membership fees on reaching such a ranking.

In addition, PSA have a robust set of policies, procedures and guidance in place to safeguard junior athletes. See the PSA Code of General Conduct & Ethics for guidance and supporting documents.

8.2 Honorary Member

An honorary member shall be a person elected by the board to be a member of the association for a specific period or for life. The board has an absolute discretion in determining whether a person shall be elected as an honorary member, but it shall consider the extent of that person's contribution to the objects of the association. An honorary member shall be entitled to those rights and privileges which the board may from time to time determine, provided that no honorary member shall be entitled to vote at any meeting of members of the association, nominate members for election or exercise votes on a voting list as set out in these articles.

Tournaments may use whichever format they like (recommended: knock-out, round robin or monrad), however this must be made clear at the point of player entry and cannot be changed after the entry closing deadline.

Finishing positions must be able to be determined as follows to meet the PSA criteria:

Winner; Runner-up; [3/4]; [5/8]; [9/16]; [17/32]; [33/64]

The draw must be made according to the random draw method outlined in Appendix VI, and should be sent, along with the seeding list, to PSA at least five days before the tournament commences.

9.4 Prize Money

WSF & PSA Satellite tournaments have a minimum prize money of \$1,000 (\$500 for women) and a maximum purse of \$4,999. They would no longer be eligible to be in the September rankings.

WSF will also provide for a range of penalties for the breach of any such rule.

B. The determination of whether a recognised offence invoking the terms of this agreement has been committed will be determined by the conducting of a disciplinary process by the party under whose jurisdiction the applicable tournament or conduct occurred.

If that party determines that a recognised offence invoking the terms of this agreement has occurred, then that party's disciplinary administrator will notify the disciplinary administrator of the other two parties (WSF/Player Associations) as applicable.

The other party will then follow its own disciplinary processes to determine whether there has been a breach of the rule anticipated in clauses Article 9A and if there has been a breach, what if any penalty should be imposed.

C. If any party is notified or becomes aware that a PSA member or person who may enter a WSF tournament is the subject of a member nation disciplinary decision, then that decision shall be notified to the International Disciplinary Panel (IDP).

The IDP shall determine whether the decision is sufficiently serious to institute the disciplinary processes of the WSF and Player Associations and if so, notify WSF and the Player Associations.

WSF and the Player Associations agree that if they receive a notification from the International Disciplinary Panel they will then institute their own disciplinary processes and determine whether there has been a breach of their rules and if so, determine what if any penalty should be imposed.

D. The parties agree to establish an IDP for the purposes of:

- Monitoring or receiving notifications of Member Nation disciplinary decisions and determining whether any such decision is a recognised offence
- To review the penalties imposed by the parties' disciplinary processes and establish benchmarks for appropriate penalties to try and ensure consistency between the parties' disciplinary processes
- Deal with any disciplinary issues that may arise between the three parties or that arise from a Member Nation disciplinary decision

Article 10. Notice

Tournament Promoters

Tournament promoters are often PSA's main (and only) on-site contact for a PSA sanctioned tournament. In this regard, PSA are heavily reliant on the tournament promoter to ensure *PSA's PSA Code of General Conduct & Ethics* is implemented and followed for player support teams and all tournament personnel.

All tournament promoters must adhere to the above code and tournament conditions and commitment outlined in the PSA Tour Rule Book. Additionally, they should be aware that they are responsible for the on-site tournament operations, including but not limited to:

- Undertaking due diligence checks for tournament personnel, hosts and medical professionals which may include background checks
- Ensuring appropriate risk assessments, health and safety policies and insurance policies are in place for the duration of their tournament
- Safeguarding children and vulnerable adults at the tournament in compliance with PSA's Safeguarding Policy and any other policies, procedures or legislation that is relevant
- Making all tournament personnel aware of PSA's PSA Code of General Conduct & Ethics and other policies associated with this (Safeguarding, WADA Anti-Doping, Data Protection)
- Reporting any concerns regarding children or athletes to PSA's CEO and the appropriate bodies immediately

PSA will endeavour to assist tournament promoters with any questions they may have regarding PSA's PSA Code of General Conduct & Ethics, PSA's Safeguarding Policy, the WADA Anti-Doping regulations or PSA's Data Protection Policy.

Violation Procedure

The following procedures shall apply to all complaints and violations under this section.

Any individual who believes that any player support team member or tournament personnel has failed to meet their obligations as outlined in this code may file a written, signed complaint to the PSA CEO, stating the date and nature of the alleged misconduct.

Upon receipt of the signed complaint, the CEO shall initiate a review of the matter within 10 days. The CEO may also initiate an investigation on the basis of disciplinary action taken against any player support team member or tournament personnel by a national federation or WSF (integrated disciplinary rules), or where a criminal charge has been raised / criminal conviction made.

The CEO may take reasonable time to investigate such matters and determine the outcome. Where appropriate, the CEO may determine that the complaint does not merit further action.

Should the CEO determine that further action is warranted, after giving the accused person the opportunity to present their case, either in person or writing, the CEO may impose an appropriate sanction including:

- Exclusion of person in question from any or all PSA sanctioned tournaments
- Exclusion or loss of privileges at any or all PSA sanctioned tournaments

- Monetary sanction

Where the allegation is particularly serious, the CEO shall have the authority to issue a suspension until the investigation is complete and final decision is issued. It is also the CEO's responsibility to report any unlawful conduct to the relevant authorities.

Appeal Process

Decisions made by the CEO may be appealed. The accused must make their appeal within 15 days of receipt of the CEO's decision. The PSA Board shall decide whether to review the appeal based solely on the CEO's investigation or whether to hold a hearing in which the accused will be given the opportunity to present their views directly to the PSA Board.

The PSA Board's decision will be final and cannot be appealed.

Appendix XIV: PSA World Tour Finals Rules

Direct Entries

The top eight players from the Road to Dubai Leaderboard shall qualify for the tournament. These standings are calculated by using the cumulative total of points earned in PSA World Tour tournaments taking place in the given season.

The reigning PSA World Champion and the seven season PSA World Tour Platinum winners will automatically qualify for the PSA World Tour Finals. Any remaining places will be allocated to the next highest ranked player on the Road to Dubai Leaderboard after the final PSA World Tour tournament in the given season.

Participation is mandatory, and all players who have qualified shall be entered. All players who have qualified must be at the tournament site at least one day before scheduled play begins and must be available for play through to completion of the competition.

Reserves and Withdrawals

Any withdrawal will be replaced by the next highest positioned player on the Road to Dubai Leaderboard as confirmed following the last PSA World Tour tournament of the season. Any player who has entered and is confirmed in another PSA tournament on conflicting dates will automatically be ineligible for acceptance and the position will go to the next eligible player on the Road to Dubai Leaderboard. Three reserves will be notified and must confirm their acceptance within seven days.

Competition Format

The tournament shall be a round robin format with eight players. There shall be two groups of four players each with eight seeds to be determined by the Road to Dubai Leaderboard, the final standings of which will be confirmed immediately following the last PSA World Tour tournament of the season. All round robin matches shall be the best of three games. The round robin shall determine the four players for the semi-finals; the semi-finals will continue with the match format of the best of three games. The format of the final will be the best of five games.

Round Robin

The field shall be divided into two groups of four players each. The top seeded player shall be placed in Group "A" and the second-seeded player shall be placed in Group "B". Players seeded three and four, five and six, and seven and eight, shall then be drawn in pairs with the first drawn placed into Group "A."

Each player shall play every other player in their group to determine the top two players in each group.

The final standings of each group shall be determined by the first of the following methods that apply:

- Greatest number of wins
- Greatest number of points (Table XX)*
- Greatest number of matches played

Table XX

Match Score	Points
2-0 win	4
2-1 win	3
1-2 loss	1
0-2 loss	0

If two players are tied, the tie will be broken by:

- Head to head result

If three players are tied, the tie will be broken by:

- The highest percentage of points won

If ties still exist after the above procedures, player will be positioned in ascending order according to their seeding.

Any final round robin match that is not completed will result in a straight game win or loss.
